

## Large, Luxurious New Imperial for 1968

Imperial for 1968 is large in every way. It weighs more than 5,000 pounds, is almost 19 feet long, and is powered by Chrysler Corporation's largest engine, a 440 cubic inch V-8. Designed for maximum motoring enjoyment with dozens of luxury items as standard equipment, Imperial's sculptured-metal styling emphasizes its size and strength. Unitized body construction re-

sists the twisting forces caused by road irregularities and torsion bar front suspension provides outstanding cornering ability. High speed performance has been improved through the use of larger diameter exhaust valves, and combustion chambers have been modified to reduce exhaust emissions. There are five 1968 Imperial models, each with new, striking interiors.

## Copter Pilot Killed Near Forrest City

FORREST CITY, Ark. (AP) — One of eight Army HUIB helicopters flying a routine check-out from Atlanta, Ga., to Broken Bow, Okla., crashed about four miles west of here Tuesday, killing SP-6C Charles Hunt-singer, 36, of Wheatland, Wyo., and injuring Chief WO Stephen Michaud, 21, of Seattle, Wash. Joe Brown, a member of a State Highway Department crew working on an uncompleted section of Interstate 40 near the crash scene, said the copter apparently was having engine trouble and attempted to fly under some power lines strung across the highway. He said the copter clipped two power lines, turned to the right, then struck a highway embankment with one of its rotor blades. It then flipped over a small, water-filled drainage ditch and came to rest about 125 feet away, he said. There was no fire.

Brown and another highway department employee, Don Marshall, pulled Hunt-singer and Michaud from the wreckage. "The young one couldn't remember where he was coming from, or what kind of helicopter he was in, and he appeared to be in shock," Brown said. "He kept talking about a co-pilot, but two men were all we could find. The other man didn't regain consciousness during the half hour I was with him."

Witnesses said the other helicopters, which had been flying behind the one that crashed, continued on their flight. One returned to the scene about 30 minutes after the crash, they said. Hunt-singer and Michaud were stationed at Ft. Hood, Tex. Michaud was listed in satisfactory condition at a hospital here.

## FIGURES EVERY (from page one)

tor and spent most of the trip licking the back of his neck. A couple of years later, Kennedy came back as president. When he stepped off the plane he spotted Walter in the welcoming committee and said: "Hello, Walter. Do you still have those damned dogs?" The Montana Centennial Commission sent a special train around the country to promote the state. Walter went, of course. They wound up in Washington, needing a big splash to get the promotion going. Every-one else was trying to figure an angle when up to the depot drove Walter with a fleet of black limousines hauling two cases of champagne and virtually every secretary in the White House.

An appreciation dinner was scheduled in Washington for Senate Majority Leader Mike Mansfield of Montana. Walter was on the committee. They needed a good toastmaster. "I'll call Huntley and Brinkley," said Walter. As reconstructed many times on long Montana winter evenings, the conversation went like this:

"Hello, Chet? This is Walter Marshall in Helena. We're giving a dinner for Mike Mansfield in Washington and you're the toastmaster. You can't make it? What time CAN you make it? Okay, that's only an hour late. I'll get Brinkley to sub for you until you get there."

"Hello, David? This is Walter Marshall in Helena. Chet wants to know if you can sub for him for an hour at this dinner for Mike Mansfield. You can? Good, see you there."

Brinkley put on the first half of the show and Huntley, the second. It was beautiful. A year later, State Sen. Tom Judge of Helena was in Washington and was introduced to Brinkley.

Brinkley frowned pensively. "Helena, Montana," he said. "Oh, yes. Say, who the hell is Walter Marshall?"

Hal Boyle is on Vacation.

More Rioting in East St. Louis Area

EAST ST. LOUIS, Ill. (AP) — Numerous fire calls, several arrests and two injuries Tuesday marked a third day of racial disorders at East St. Louis. However, officials said most of the fury of the night before was missing. The disturbances began Sunday evening. Several fires early Monday, believed set by arsonists, were considered major and most were in business buildings, firemen said. H. Rap Brown, Black Power advocate and head of the Student Nonviolent Coordinating Committee, spoke in East St. Louis Sunday afternoon and told Negroes to stop singing and start swinging. Some observers said the disturbances were the outgrowth of the scheduled closing Friday of Impact, a summer antipoverty program project, because funds have been exhausted. Alfred E. Lucas, executive director of the St. Clair County Economic Opportunity Commission which administers war on poverty efforts in the county, including Impact, attributed the disorders to lack of jobs and general racial discrimination.

Walter Williams was the last veteran of the Civil War. A Confederate, he died at the age of 117.

## Obituaries

SANKEY CALICOTT, 84, longtime resident of this area, died Tuesday in a Prescott hospital. Surviving are two sisters, Mrs. Nora Daniel of Laneburg and Mrs. Lera Jordan of Prescott Rt. 6. Services will be held at 2:30 p.m. Thursday at First Presbyterian Church of Hope by Dr. L. T. Lawrence. Burial will be in Rose Hill Cemetery by Herndon Funeral Home.

JOHN M. BRADEN John M. Braden, 49, of Texarkana, died Tuesday in a Veterans Hospital at Shreveport, La.

Surviving are his wife, a son, Johnny Braden of Henderson, Texas; a daughter, Mrs. Don Cook of Calif.; Mrs. Shulah Durham and stepfather, Alonzo Durham of Hope; two brothers, James Braden of Hope, Cecil Braden of Texarkana; three sisters, Mrs. John Gaston of Camden, Mrs. Jack Rogers of Springhill, La., Mrs. Betty Rodriguez of Calif. Services will be at 3 p.m. Thursday at Lowell St. Baptist Church of Texarkana. Burial will be in Columbus Cemetery.

## \$2.3 Million Settlement by Floridas

LITTLE ROCK (AP) — The Justice Department said Tuesday that it had accepted an offer of \$2.3 million for the major properties owned by Andrew and George Florida of Osceola, and that the recovery would be applied toward the brothers' tax debt.

The department said in a news release that it had accepted the offer in a "compromise" over a \$6.4 million tax judgment returned against the Florida brothers and 13 corporations owned by them in February 1966 in federal District Court here.

The department said that as part of the settlement, the brothers had agreed to withdraw their appeal of the judgment from the U.S. 8th Circuit Court of Appeals at St. Louis. As a result, the department said, "the prolonged litigation involving the Floridas will thus be terminated."

The settlement provides for Thomas P. Florida to purchase 5,300 acres of farm land in Poinsett County, the residences of his two brothers at Osceola and three other small parcels of real estate, the department said.

The Florida tax case was filed by the Justice Department March 12, 1959. Judge J. Smith Henley awarded the government a \$6,488,620 judgment Feb. 8, 1966. He said that covered taxes, penalties and interest for the years 1951 through 1954. The government wanted \$8,106,077.

## Spa Club Is Padlocked

HOT SPRINGS, Ark. (AP) — Circuit Judge Henry Britt issued a padlock order here Tuesday for the Showboat Club, one of the most widely known night spots in Hot Springs. Pros. Atty. Walter G. Wright asked for the temporary order on grounds that the club permitted gambling, Sunday liquor sales and the sale of liquor to minors.

About Kites Historians think the kite was invented between 400 and 300 B.C. by Archytas, a Greek, but the Chinese claim that one of their generals, Han Sin, invented it in 206 B.C. for use in war.

## Milwaukee Youths Make Demands

By KEN HARTNETT MILWAUKEE, Wis. (AP) — About 400 youths from the virtually all-white South Side marched on the brick mansion of the Roman Catholic archbishop of Milwaukee Tuesday night in a demand for a Church crackdown on a white priest leading Negro open housing marches.

The South Side was the scene of violence Monday night as rocks and bottles cut short a Negro march led by the Rev. James E. Groppi, assistant pastor at St. Boniface church.

Father Groppi again led an open housing march Tuesday night but stayed away from the South Side where police estimated 3,500 whites were awaiting his return.

It was the city's 16th straight night of open housing demonstrations.

Before Father Groppi's march had taken to the streets, white marchers, describing themselves as "closed housing" advocates, moved out of the South Side to the residence of Archbishop William E. Cousins.

They carried a black cardboard coffin bearing the inscription, "Father Groppi rest in hell," and, "God is white."

A delegation of the marchers was admitted to the archbishop's residence. The archbishop had no comment on what was said.

However, Harry Lange, 27, a bearded and tattooed Navy veteran, said the archbishop told the delegation that "a committee of priests was taking up matters with Father Groppi."

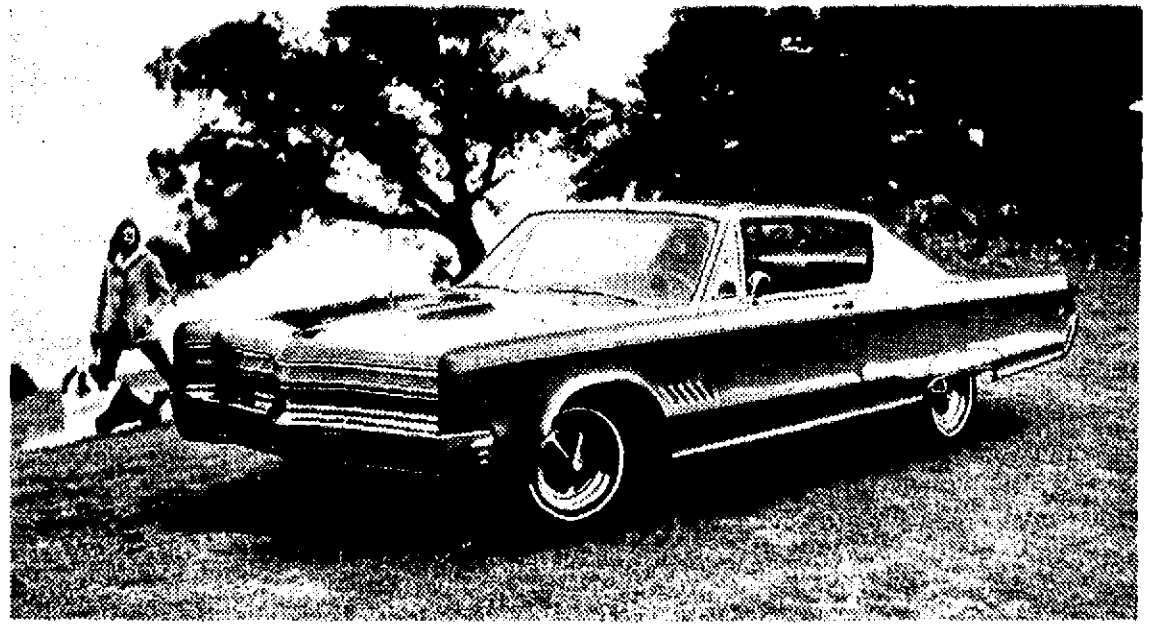

"We asked him to recall Father Groppi, to get him out of Milwaukee," Lange said.

The archbishop has consistently refused to take any disciplinary steps against the priest.

After the conference, the white youths marched back to the South Side where the sidewalks along 16th Street were lined with people awaiting the civil rights demonstrators.

"We have no knowledge of any march at this time," police told the group.

## 1968 Chrysler Styling is Evolutionary

The successful evolutionary styling which has characterized Chrysler for the past several years is continued in 1968. Styling improvements have been made to the front and rear, a new roof is provided for three different hardtops, and several convenience features have been added to the line. Refinements which make each of the 15 models more luxurious and the styling changes establish strong identity for each of the five series: Newport, Newport

Custom, 300, New Yorker, and Town & Country Wagons. The sporty 300 series, above, available in convertible, two-door and four-door hardtops, offers headlamps which are concealed behind movable doors which match the rest of the grille. Numerous changes have been made in the engines to improve high-speed performance. Wagons have wood-grain body side ornamentation. An optional tailgate window washer-wiper is offered for the first time.

## Officials of Tucker to Go on Trial

PINE BLUFF, Ark. (AP) — A former Tucker Prison Farm superintendent and three of his wardens, all charged with excessive punishment of inmates, will go on trial Oct. 11 in Circuit Court here.

Jim Bruton, who resigned last year as head at Tucker, faces two counts of excessive punishment. The wardens, E. L. Fletcher, E. J. Mays and Jess Wilson, are charged on one count.

The four are charged with the lashing of inmate Floyd Sullivan on April 20, 1966. The information states that Fletcher personally administered 10 lashes on Sullivan's with a belt.

All have made bond of \$1,000. Fletcher has asked for dismissal of the charges, but no action has been taken on the request. The three wardens were fired after a State Police investigation.

## REAGAN (from page one)

first-term governor tackled questions on Vietnam increased speculation that he might actively seek the nomination. Officially, he insists he's only interested in being California's favorite son.

Asked if Reagan would discuss Vietnam on the three-state trip starting Sept. 29, his communications director, Lyn Nofziger, said he would "mention it."

The tour billed in part as a fund-raiser for GOP candidates, will provide the first grassroots reaction in other states to the former actor who led California Republicans to victory last year with an almost million-vote victory over Democratic Gov. Edmund G. Brown.

It also might give a strong hint as to whether Reagan will be able to chip away at some of the strength of former Vice President Richard M. Nixon, an undeclared candidate for the nomination. Reagan's advisers

say the governor's big chance for the nomination will come if Nixon runs into trouble and some of his supporters begin looking for another candidate.

An Associated Press survey showed strong Nixon support in the three states Reagan will visit.

In South Carolina, where Reagan will speak Sept. 29 in Columbia, 27 county Republican chairmen recently said they were for Nixon, 13 backed Reagan and 6 were undecided.

Reagan will be in Milwaukee, Wis., Sept. 30, in a state where his name will be on the April 2 presidential primary ballot. As in the Oregon and Nebraska primaries, Reagan could remove his name only by swearing he does not intend to be a presidential candidate. Reagan has said he won't do that, but will not actively campaign in those primaries.

Reagan also will speak Sept. 28, at his alma mater, Eureka College, in Illinois where observers say Nixon is the favorite among party professionals.

# make your move

The 1968  
Chryslers  
are here.

The 1968 Chryslers are all new. 5 series wide, 15 models deep. With no small versions. New Yorker—our most luxurious Chrysler. With new options like an 8-track stereo tape system and automatic air conditioning. Town & Country—the most sophisticated wagon series around. With new optional rear window wiper/washer concealed in the tailgate. And optional all-vinyl 3-in-1 divided front seat with passenger recliner. 300—the latest version of the sports-bred Chrysler. Concealed headlights and a big 440

cubic inch V-8 are standard. Newport Custom—with all the basic Chrysler luxuries. And a list of over 50 tailored-to-you options. Newport—our easiest-to-own Chrysler. With more luxurious interiors. And a higher output 383 cubic inch V-8. New Yorker to Newport, we've got you covered 15 ways. With the kind of luxury that could only come from Chrysler. And does. This year, make your move. And make it big. Make it Chrysler.

## Sex, Drinking Is 5th Grade Subject

CLINTON, Iowa (AP) — The Clinton Parent-Teacher Association plans a series of panel discussions for fifth-graders on sex, smoking, drinking and other topics.

Mrs. Elaine Lass, president of the PTA City Council, said most schools offer sex education courses only to high school students, but this "is too late to be effective."

Panel participants will be school guidance counselors, parents, students and physicians.

## Calendar of Events

### THURSDAY, SEPTEMBER 14

There will be a meeting of the Young Adults class of Unity Baptist Church Thursday, September 14, at 7:30 p.m. in the home of Mrs. Jack Brown, 508 East 5th Street.

The Newcomers' Club will meet Thursday, September 14 at 7:30 p.m. in the School Administration Building on East 2nd Street. "Japan" will be the subject of the program, and Mrs. Joyce Morgan is program chairman. Any newcomers to Hope who have not been contacted are asked to call Mrs. Charles Carey, PR7-5672.

On September 14 the Hempstead County Association for Retarded Children will meet in the City Hall at 7:30 p.m. Herschel Moore of Little Rock, who is in charge of federal aid to education in the state under the Elementary and Secondary Education Acts, will be the guest speaker. Members of the Association and all who are interested are invited to attend to learn how best to assist retarded children in the Hope area. Please note the change in meeting dates.

The Hope Women's Golf Association will meet at 12 noon Thursday, September 14 at the Hope Country Club. Members are asked to bring a sack lunch, and golf will be played in the morning and the afternoon.

The Hope B & PW Club will meet at 7 p.m. Thursday, September 14 at the Diamond. Rachael Edmiston, chairman of the Status of Women, will present Joe Harrison of the Employment Security Division as the guest speaker.

### FRIDAY, SEPTEMBER 22

The Hope Junior Auxiliary will have a spaghetti supper at the Hope High School cafeteria on Friday, September 22 preceding the Hope-Smackover football game. An Italian spaghetti supper will be served from 5 to 7 p.m. Tickets are \$1.50 for adults and 75c for children under 12. They may be purchased from any member of the Hope Junior Auxiliary, and the money will be used for the Auxiliary's annual \$500 scholarship fund.

### SATURDAY, SEPTEMBER 16

A potluck supper and cards entertainment will be held at the Hope Country Club on Saturday, September 16 beginning at 7 p.m. Pitch players as well as bridge players are welcome. Hosts are Mr. and Mrs. S. L. Murphy, Homer Beyerley, and Brack Schenck.

### HOPE DUPLICATE BRIDGE CLUB MEETS

The Hope Duplicate Bridge Club had 3 1/2 tables of players at its meeting on Monday, Sep-

tember 11. The Master Point Night was held at the Diamond and the first place couple was Mrs. Ralph Emerson and Mrs. E. P. Young, Jr.

In second place were Mrs. R. L. Broach and Mrs. Comer Boyett. Mrs. Lloyd Spencer and Mrs. Taylor Stuart were third, while Mrs. E. J. Whitman and Mrs. Marie Hendrix were fourth.

### CIRCLE NO. 4, MEETS

Circle No. 4 of the W.S.C.S. met in the home of Mrs. Fred McElroy with Miss Dell McClanahan as co-hostess, on the afternoon of September 11th at two o'clock with nineteen members present and one guest, Mrs. Everett Vinson, our Pastor's wife.

Our Leader, Mrs. John Wilson called on Mrs. Henry Fenwick to open the meeting with a word of Prayer.

The regular business followed and all monthly reports were given.

Mrs. Jack Gardner had both the Devotional and program using her message from the Methodist Woman's Magazine, topic, "United Church World Wide Program". She also read several Scriptures from the Bible and ended this with prayer. Mrs. Weatherby also read several verses from a very old Hymnal using the same theme.

Dues were collected. During the Social Hour the two hostesses served delicious refreshments to the group.

### FAITH SUNDAY SCHOOL CLASS MEETS

The Faith Sunday School Class of the First Baptist Church met in the home of Mrs. H. A. Spragins on Monday evening September 11, for the monthly social and class meeting. Co-hostesses were Mrs. Francis Reynerson and Mrs. Paul Church. There were 10 members present. Plans were outlined for the coming year. At the close of the meeting, tasty refreshments were served by the hostesses.

### CIRCLE NO. 3 MEETS

Circle No. 3, W.S.C.S. of the First Methodist Church met in the home of Mrs. W. R. Burks, Monday morning Sept. 12. Mrs. Weir Owens was assistant hostess.

Mrs. J. W. Manney opened the meeting with prayer. During the business session, conducted by Mrs. Albert Graves, circle members voted to change the meeting time to 3 o'clock during the fall and winter months. Mrs. J. W. Manney announced that the week of Prayer and Self-denial would be held at 9:30 a.m., Oct. 23 through 27 at the church. For the program, Mrs. Earl O'Neal presented an interesting article "How Do We View Television" a preview to Methodist Television Evaluation month in Oct.

Mrs. F. C. Crow led the devotions using scripture from Mark 6-7. During the social hour, the hostesses served refreshments to seventeen members and one guest, Mrs. Keith Dixon.

## Engagement Announced

Photo by Shipley

### MISS MARGARET POLK

Mr. and Mrs. Minor D. Polk of Hope announce the engagement and approaching marriage of their daughter, Margaret, to Ronnie Kidd, son of Mr. and Mrs. Hubert Kidd of Hope, Route 1.

The wedding will be an event of Saturday, September 30 at 7:30 p.m. in the First Baptist Church of Hope. All friends and relatives are invited. No cards have been sent.

## All had Fun at White House Fair

By FRANCES LEWINE  
WASHINGTON (AP) — Every one had fun at the White House Country Fair.

The President brought his dog, smiled and shook hands, and was followed by kids like the Pled Piper.

The First Lady rode sidesaddle on a palomino carousel horse, soared 42 feet high on a ferris wheel and handed out autographs.

Lynda Bird Johnson and her fiancé, Marine Capt. Charles S. Robb, kissed atop the ferris wheel.

Vice President Hubert H. Humphrey drove a 1922 Ford around the White House south driveway.

In just two hours, about 600 youngsters aged 6 to 18—children and grandchildren of top Washington officials—gobbled up several hundred hot dogs, 950 boxes of popcorn, 820 frozen custards, 700 pink and purple cones of cotton candy, 600 jelly apples and gallons of soft drinks.

They rode in six antique cars and a miniature plane around the driveways and rode eight ponies around the petunia and geranium-lined fountain.

The White House South Lawn took on the atmosphere of a carnival midway, with striped tents, fortune tellers, games of skill, sack races and dance contests. White House staff, wives of officials and hus-

### Coming, Going

Mr. and Mrs. Keith Dixon, Mr. and Mrs. Steve Bader, and Mr. and Mrs. Douglas Drake will attend the meeting of the Arkansas Pharmaceutical Association tonight (Wednesday) at the Coffee Cup in Texarkana.

Capt. and Mrs. Don Usry will go to Dallas Thursday to be with their daughter, Sharon, who is hospitalized there. Mrs. E. L. Archer, Jr. and Mrs. W. T. Salisbury of Texarkana were in Dallas Tuesday for Sharon's first birthday.

Going to a District WSCS Workshop in DeQueen Thursday will be Mrs. Arch Wylie, Mrs. Johnnie Green, Mrs. David Waddle, Mrs. J. W. Manney, Mrs. Steve Bader, Mrs. Herbert Stephens, Mrs. F. C. Crow, Mrs. Grover Thompson, and Mrs. Everett Vinson.

Miss Judy Kay Wade left Monday for her home in Placentia, Calif., after spending 2 months with her grandparents, Mr. and Mrs. Homer Kennedy and Miss Patsy Kennedy, and Mrs. Eugene Gulliams, aunts of Miss Wade.

### Go-Go Can Perform in the Window

NEW YORK (AP) — It's legal to have scantily clad go-go dancers performing in your window, a judge ruled Tuesday.

But, said Criminal Court Judge James J. Comerford, they've got to be something more than window dressing.

The ones at the Fun City Discotheque, he said, were only incidentally on view to Broadway passersby—their main job was entertaining the customers inside.

He then acquitted the dancers.

## Chattanooga to Keep Its Choo Choo

CHATTANOOGA, Tenn. (AP) — Chattanooga raiders have succeeded, at least for a time, in saving their famous "choo-choo" by repeating a raid that was a hanging offense the first time it was tried.

Federal guerrillas were hanged during the Civil War for trying to abscond with the locomotive "General" but the Chattanooga mayor, City Commission and a host of pistol-packing policemen had better luck Tuesday in blocking the engine's return to Georgia.

A court hearing today will determine the permanence of their victory. Chancellor Ray Brock will consider a motion by the Louisville & Nashville Railroad asking him to rescind his injunction which sidetracked the contested engine.

The raiding party, armed with Brock's order, headed off the General just as it was being moved through the L&N yards to a new home at Kennesaw, Ga.

Georgia officials exploded in rage.

Kennesaw Mayor James Adams hurried north, declaring he would get "that damned train."

Chattanooga was just as angry.

The General appears on the official seal of Chattanooga, and local patriots claim it is the original "Chattanooga Choo-choo." After retirement in 1880, the engine was enshrined in the city's Union Station.

In the Great Locomotive Chase of 1862, the General was seized at Kennesaw, then called Big Shanty, and recaptured at Ringgold, Ga., a Chattanooga suburb.

The L&N took the General from its shrine six years ago and refurbished it for Civil War centennial festivities. Now the railroad has decided to give the engine to the state of Georgia for new enshrinement at Kennesaw.

Kennesaw claims the engine since it was stolen from there 105 years ago, and the L&N agreed. But Chattanooga says returning the General to Georgia after all these years would be about like giving America back to the Indians because of a prior claim.

A band of union raiders commanded by James J. Andrews of Ohio stole the General in April 1862, with designs of escaping to the north, destroying track and burning bridges behind them.

However, Confederates pursuing in the "Texas," another wood-burning locomotive, caught up to the Yankees when the General ran out of steam and fuel at Ringgold.

bands pressed into service to cater to the crowd were carnival style red and white striped vests and red straw hats.

They doled out prizes of records, toys and stuffed animals. The 50-member Marine Band blared music from a stage, with competition from across the lawn where the nine member "Nightcaps," a group of college students from Maryland appealed to the teen-age dance crowd.

Lynda Johnson turned out in a caramel-colored cowgirl coulotte outfit in midcalf mini length, with matching cowgirl hat. She tried out all the rides and games of skill.

## LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

Early this year we presented at the Dixie Drive in the pictures "No Greater Sin" and "Birth of Triplets." Record crowds attended, but after it had let, we had many calls asking us to return it, as they felt it was the type of film that every young adult and grown up should see. As this is a special film, playing all over the nation with a special lecture on sex education it cannot be played as the usual film—and we felt it impossible to get it.

However, when we saw it was to play in Little Rock this week—we contacted the owners, and made arrangements to present it for ONE NIGHT ONLY at the DIXIE DRIVE IN—Sunday Night at 7:30. So now if you missed it you can now see No Greater Sin and the actual birth of Triplets on the screen at the Dixie Sunday night only. We can tell you we certainly felt my son and daughter should see this film, so they can know!

While on the subject of the Dixie our Friday, Saturday show is one of the finest family programs we have ever presented. See Debbie Reynolds in her great

role as "The Singing Nun", and with it that great outdoor action film "Smoky"—the story of the great black wonder horse. A great program, bring the whole family to this one Friday and Saturday.

At the Saenger this week we're proud of our shows. Tonight is your last chance to see the return showing of one of the best—"Elmer Gantry". Then on the week end—two fast moving first run hits—"You've Got to Be Smart"—a fast moving comedy in color—plus "Maya" the story of the sacred white elephant in the jungles of India. This stars Clint Walker. It's swell!!!

Saturday night late show and Sunday, Monday see Doris Day in "Caprice". This is a new kind of experience in comedy and action. There's really lots happening every minute of Caprice—popular Doris Day's latest hit.

The place to go this Fall is the movies—to keep up to date—your just not in the know unless you've seen such good movies as "Caprice" and others. So keep up with the modern times—go to the movies this fall!!!

## HELEN HELP US!

by Helen Bottel

### WILL THE REAL PROBLEM PLEASE STAND UP

Dear Helen: I have a gentleman friend in Germany. We were going together before he went in the Army and I love him very much. We're engaged.

My problem is that he hardly ever writes me. When he came home on leave he told me he was going with a German woman and didn't have much time.

He said he would do better, but he's been gone only two months and he's fallen into the same old non-writing rut. What can I do to light the fire of correspondence under him?

### MAILMAN'S LOOKOUT

Dear M.L.: You're worrying about the wrong problem. If your gentleman friend has a fraulein in Germany, he shouldn't expect a faithful fiancée at home. Start looking for a better prospect.—H.

Dear Helen: Our three-year-old boy has always talked very plainly ever since he first learned, at age-one. Now he's playing with two older boys. One of them uses bad language he picks up from his Dad, and the other stutters.

We keep correcting and even punishing, but our son keeps right on s-s-s-stuttering like the one and swearing like the other. What should we do?—MRS. T.

Dear Mrs. T.: Relax and realize that bright little pre-schoolers are anxious to learn; they pick up and try out any new sounds but they drop them just as quickly, if parents don't make big issues of small imitations.

Rather than punishment, make sure your son has plenty of good examples.

You might also have a talk

with the parents of the swearer. They should be setting good examples, too.—H.

Dear Helen: I was shocked by your flippant reply to "Miss Longing Lips" whose boy friend Alber had never once kissed her in seven years because he was afraid of germs. You said, "Send him a pill box as a good-by present. They should be very happy together."

You told her to cast "this very nice man" by the wayside, when you should have recognized he's a bit of a neurotic who needs loving help, not a pill box. Should your advice be followed, it is likely that a fine relationship will be destroyed and a neurotic left to his fate.

What I'm really worried about is that others may make some sort of analogy with their own lives. It is better to repair than discard.

You generally give very sound advice, Helen. What happened?—TONY

Dear Tony: Thank you for your good comments, but my advice stands—I maintain it. It is common sense behind the "flippancy."

The girl plainly described a neurotic hypochondriac. If seven years of loving persuasion hasn't nudged him toward psychiatry what will?—Perhaps the shock of sudden loss. . . a flat, "Unless you change—good-by!"

Yes, it's better to repair than discard (unless the object is beyond repair). But it's also better to be a realist than a dreamer. Even psychologized, I'd say Alber is headed for bachelorhood!—H.

## Some Smokers Can't Quit Like Others

By BRIAN SULLIVAN

NEW YORK (AP) — Cigarette smokers suffering from asthma, chronic bronchitis or emphysema find it harder to quit smoking than healthier persons, a physician says, because they develop a need to "scratch" their lungs with smoke.

"The chronic bronchitis of a heavy smoker may make him still heavier smoker," says Dr. Borje Ejrup of the New York Hospital-Cornell Medical Center tobacco withdrawal clinic.

This smoker, Ejrup says, develops an "itching" sensation of the bronchial tubes, which is actually a manifestation of the illness. The smoker alleviates the "itching" with the "hot nicotine smoke" from the next cigarette.

Ejrup said in remarks for the World Conference on Smoking and Health, which ends today, that if the smoker resists the temptation, the itching or irritation would disappear in a week or two.

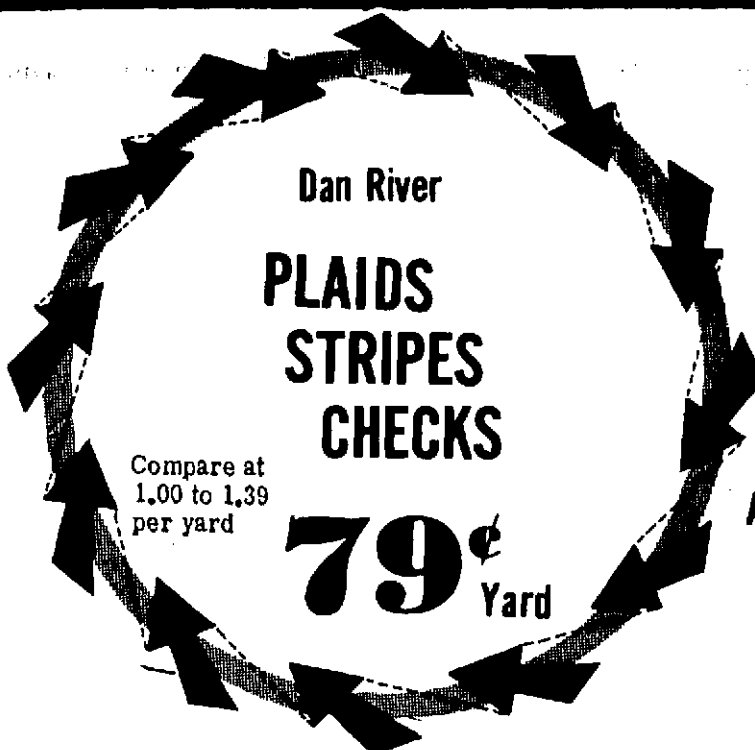

"On the other hand," he said, "heavy smokers miss this sensation very badly. It is described as extremely pleasant and akin to sexual enjoyment, according to some smokers."

Ejrup's withdrawal clinic is intended for the "hard-core" smoker. Of 154 patients who completed the treatment, he said, "good results" were achieved with 133 or 86 percent.

The figure dropped to about 40 percent after checks up to 12 months later, but Ejrup said that wasn't bad since these were patients who had tried "everything else without success."

## Kittens Also Play DeQueen This Week

By RALPH ROUNTON  
Star Sportswriter

As the Hope Bobcats prepare for their Friday opponent, the DeQueen Leopards, the Hope Bobcats are also completing preparations for their battle with the night.

Head Bobkitten Coach Caylord Solomon said that yesterday's full-scale workout before tomorrow's game was "good," and more and more Junior High boys are finding themselves each day to be football players.

Spearheaded by Ronnie Masanelli at quarterback, the Kittens can boast of a strong backfield for this season. Coach Solomon, who is assisted by Joe Austin, also has a powerfully built and hard-hitting line. Backing up the line will be Calvin Willis, Scott Gunter, Randy Wright, and Don McMahon.

It's a hefty bunch of 8th and 9th graders, and they have a better team than usual. The Bobkittens return five offensive starters, and they won their season opener over Prescott 13-0. Tomorrow night the Kittens travel to DeQueen to meet a rough test in the Leopards. It should be a fine ball game.

## Coaches Corner

By COACH FREDDIE GLAZE

Many coaches always dread publishing an article, especially after a defeat by a football team the first time in 34 years. I look at it this way, it is just like loading a revolver that has a cylinder which holds 34 rounds of ammunition and you put one round in the cylinder.

You roll the cylinder around and around, put the gun to your head and pull the trigger. If the gun fires you are dead and if not, you win.

Friday night was a good example of this, a game that might be the Russian Roulette of football.

We must always give credit where credit is due. I personally feel that the Prescott team demonstrated the will to win even though statistics pointed to Hope all the way.

I feel that the turning point in the game was when on fourth and seven at the 36 yard punter chose to run the ball when we had a punt on. Of course, he was dropped at the 38 and after a completed pass play a rough penalty placed Prescott in a position to score.

Just remember you can't give away anything in the game of football.

After reviewing the film we felt that our preparations for the game, especially on offense, should have been enough, but with the passing from our quarterback our receivers just couldn't hang on. We dropped five passes that were in the receivers hands. One of those was a sure touchdown.

If statistics gave coaches satisfaction then we could be just a little more satisfied than we are at the present. Remember the score is the only thing that counts. Of course, at one time late in the game, when Larry Massanelli filling in for the injured Buzz Andrews, took the club to the goal line, I was thinking of the NCAA two point conversion rule. Our film definitely shows us scoring on our last possession. Even an official ruled touchdown.

Those things are water under the bridge and good clubs will come back, others fall by the wayside.

This is a new week and if hard work has anything to do with winning football games, then I am looking forward to the game at DeQueen Friday night.

Waynesburg Again Strong

WAYNESBURG, Pa. (AP) — Waynesburg, the nation's top small college football team last season, has another powerhouse this year.

The Yellowjackets were undefeated in 1966 and won the NAIA title.

Twenty-seven lettermen are back from that team, including 16 starters. And some eager freshmen are in hot pursuit of starting jobs.

A chief concern of Coach Carl DePasqua is:

"We have to keep the boys from looking back on their laurels while still keeping their winner's edge."

The Yellowjackets open Saturday against Slippery Rock.

## Rank Could Benefit Porkers

FAYETTEVILLE, Ark. (AP) — The only thing Arkansas has real concern about is offense which has relegated the Razorbacks to no better than a runner-up spot in the Southwest Conference football race.

If Arkansas' opponents would study the record, that may be to the advantage of the Razorbacks.

In 1964 Arkansas was picked to finish third and won the title; in 1965 it was placed second and won again, and in 1966 it was picked for first and finished second.

The 1967 season is more or less wrapped up in Ronny South, who was redshirted last year after lettering the previous two seasons. South will be the quarterback and because he is a talented passer, it would seem likely that Arkansas won't accentuate the running game as before when its quarterbacks leaned toward the ground.

But Coach Frank Broyles says there'll be no letup in running because that's the best way to win.

He seems to have the men to make the running game go, too, although it will be a sophomore and a redshirt supplementing David Dickey, who had a great season as a sophomore. The newcomers are Russ Cody, a redshirt soph, and Mike Hendren, both causing Broyles' eyes to glow.

There are 21 lettermen, two of whom are kicking specialists only, and that's the least experience Arkansas has put on the field in a long time. It means there will be eight sophomores among the first 22 and there will be more soph starters than ever before.

But there are some high quality sophomores and up from the squad comes Glen Hookersmith, who Broyles thinks will be quite a runner. He played sparingly at tailback last year.

Defensively, Arkansas appears to have little to worry about. And since most coaches think defense wins more games than offense anyway, perhaps Arkansas can again reverse the predictions as it did in 1964-65.

Leading that lousy defense are all-conference Hartford Hamilton at end, halfbacks Gary Adams and Tommy Trantham and a senior nose guard named David Cooper, all with most excellent credentials.

Kicking should be very good with Paul Conner, who booted for an average of 39.9 last season; Bob White, who kicked 23 extra points and five field goals, and South, who in 1965 got 60 points with his toe, back and ready.

It isn't advisable to mark Arkansas off as a contender.

## Stanky Says Don't Bury Us Yet

By JOE MOOSHIL  
CHICAGO (AP) — Manager Eddie Stanky's cry of "don't bury us, yet" suddenly sounds more like a plea than a threat.

That's been Stanky's statement everytime things have gone bad since mid-August when his Chicago White Sox were knocked out of first place following a two-month tenure.

It sounded a little hollow Tuesday night after Cleveland had patted the Sox 4-3 and 7-1.

The double defeat left the Sox in fourth place, three games behind Minnesota and Boston, the co-leaders, and two games behind Detroit.

With only 16 games to play, that's a lot of territory to cover and even Stanky is beginning to wonder.

"We're swimming to the point of no return," said Stanky, who quickly changed his tune and added, "but we're not committing suicide. They haven't closed the doors."

"I'll admit it's more difficult with three teams ahead of you but remember the 1951 Giants won 16 in a row. And I played on the '51 Giants. No, we're not ready to be buried."

## Malvern, Crossett Still Picked

The Crossett Eagles and the Malvern Leopards, two of the teams picked as favorites for the 1967 AAA football title, meet in an early season showdown Friday night at Malvern. Crossett is the defending champion.

Both the Eagles and Leopards have won a conference and a nonconference game in the early season. Crossett defeated Monticello 32-7 and this past week downed Arkadelphia 34-0. Malvern defeated Hot Springs 27-0 and this past week downed Magnolia 17-7.

Crossett has depended almost entirely on a ground gaining game while Malvern has about equally used both running and passing. The Eagles have scored 66 points while holding the opposition to 7. Malvern has scored 44 points and held the opponents to 7.

In other action this week the Fairview Cardinals, who may prove to be the league's big "darkhorse" team, plays a Thursday night game at home against Smackover. Magnolia plays at Camden on Friday night in 4AA action. Non-league games finds Hope at DeQueen; Warren host to Dumas; and Arkadelphia at Nashville.

Other results from last week: Fairview 21 Camden 0; Warren 28 Monticello 6; Prescott 14 Hope 6; and Smackover had an open date.

Fairview's fullback Sandy Nutt takes the early season scoring lead with two touchdowns and an extra point. Eight others also have two TDs.

P. Riley of Crossett is the early PAT leader with 6 conversions. He is followed by Elfrid of Malvern with 5. Elfrid also has the leagues only Field Goal thus far.

The Standings (AAA Games Only)

	W	L	T
Crossett Eagles	1	0	0
Fairview Cardinals	1	0	0
Hope Bobcats	1	0	0
Malvern Leopards	1	0	0
Warren Lumberjacks	0	0	1
Camden Panthers	0	1	0
Magnolia Panthers	0	1	1
Smackover Bucks	0	1	0
Arkadelphia Badgers	0	2	0

## Here's Some Football Favorites

By HAROLD CLAASSEN  
NEW YORK (AP) — Remember the good, old days of grandpa's era?

Then, we had haircuts for two bits, a steak dinner for 65 cents, the New York Yankees winning the World Series annually—and breathers opening the college football season.

Take a look at these forecasts for the first weekend of football and see how many breathers you can find!

UCLA over Tennessee: Two of the nation's best quarterbacks, Gary Beban of the Californians and Dewey Warren of the Volunteers, go on display in the opening game. But the UCLAs have George Farmer to do the pass catching and Rick Purdy to do the plunging.

Texas A&M over Southern Methodist: The Cadets are the mystery team of the Southwest Conference and there even are some who pick them for the title. SMU is the defending champion but lost heavily by graduation. Your television tidbit of the day.

Washington over Nebraska: The Huskies always are tough defensively and this year Coach Jim Owens believes he has the offense to go with it. Nebraska was the winner of the Big Eight title the past four years, but the line-up was shattered by graduation. Frank Patrick, a sophomore, will be at the Cornhusker helm.

Colorado over Baylor: Wilmer Cooks, the Colorado fullback, rated one of the best in the country. This isn't Baylor's year even if the Rev. John Westbrook is their flanker back.

Houston over Florida State: A Friday night affair. The Texas Cougars still have Warren McVea, who averaged 8.8 yards a carry last season.

Southern California over Washington State: The Trojans are rated the best on the Coast, the men of Coach Bert Clark deep among the also rans.

Oklahoma State over Air Force: The Cowpokes are strongest on defense while the air-minded Falcons have a veteran backfield headed by Steve Turner, quarterback. The defense wins.

North Carolina State over North Carolina: The Wolfpack has a new backfield while the Tar Heels introduce a new coach. The home field gives NC State a slight edge.

## Wants All Help Boston Can Give Him

By DAVE O'HARA  
BOSTON (AP) — Jim Lomborg gratefully accepts all the help he can get from the Boston Red Sox, but he realizes that at times a fella has to do things for himself.

Lomborg survived a hectic struggle with the aid of a brilliant defense in the early innings before turning to his personal "do-it-yourself" instruction.

## Cardinals Just Keep Flying Along

By DICK COUCH  
Associated Press Sports Writer

The Cincinnati Reds may be going down for the count, but they're still swinging from the heels.

While the pennant-bound St. Louis Cardinals continued their National League stretch drive Tuesday night with a 6-0 victory over Philadelphia, the third-place Reds punched out 23 hits and flattened Pittsburgh 15-7 for their fourth straight victory.

"Just getting by, that's all," chuckled Vada Pinson, who cracked three hits, including a two-run homer, in the pitchers' nightmare at Cincinnati.

Despite their hit parade, the Reds still trail the Cardinals by 11 games and are one-half length behind runner-up San Francisco with 16 games to play.

The Giants whipped Los Angeles 4-2; Atlanta edged the New York Mets 4-3 and Houston topped the Chicago Cubs 5-4 in 12 innings in other NL games.

In the American League, Cleveland swept a doubleheader from the Chicago White Sox 4-3 and 7-1; Detroit beat Baltimore 6-4; Boston downed Kansas City 3-1; Washington topped Minnesota 5-4 and California nipped New York 2-1 before bowing by the same score.

The Reds jumped Pittsburgh ace Bob Veale for four runs and six hits in the first inning, then rocked reliever John Gelnar for five runs and six more hits in the next two innings before completing the assault against Billy O'Dell and Dennis Ribant.

Pete Rose hit a three-run homer and scored four times; Tony Perez lashed a single, double and triple, good for four RBIs; Leo Cardenas went 4-for-4; Tommy Helms and Lee May struck three hits apiece and winning pitcher Don Lee got into the act with a pair of singles.

The Reds' 23 hits fell nine short of the NL record set in 1901 by the New York Giants. The two-team total of 39 hits was 12 less than the nine-inning mark established by the Phillies and Cubs in 1922.

Bob Gibson, making his second start for St. Louis after being sidelined 1 1/2 months with a broken right leg, collaborated with Larry Jaster for a five-hit shutout against the Phillies.

Gibson blanked the Phils for 6 1/3 innings in registering his 12th victory of the season and Jaster pitched hitless ball the rest of the way. Dal Maxvill drove in two runs for the Cards with a double and single.

Ray Sadecki handcuffed the Dodgers on four hits, struck out 12 and didn't allow a runner past first base until the ninth when Wes Parker's double and Lou Johnson's two-out homer ruined the shutout bid. Johnson's homer ended a string of 30 scoreless innings for the Dodgers.

Hank Aaron's sacrifice fly and Joe Torre's run-scoring single overcame a 3-2 deficit in the ninth inning as the Braves snapped a five-game losing string. Aaron also drilled his 36th homer while Ron Swoboda knothed in all three Met runs with a homer and single.

The Astros stretched a modest winning streak to three games as Rusty Staub, who had tripled and scored the tying run in the ninth, laced a run-scoring single with one out in the 12th to break a 4-4 deadlock.

-----

Tuesday night for his 20th victory.

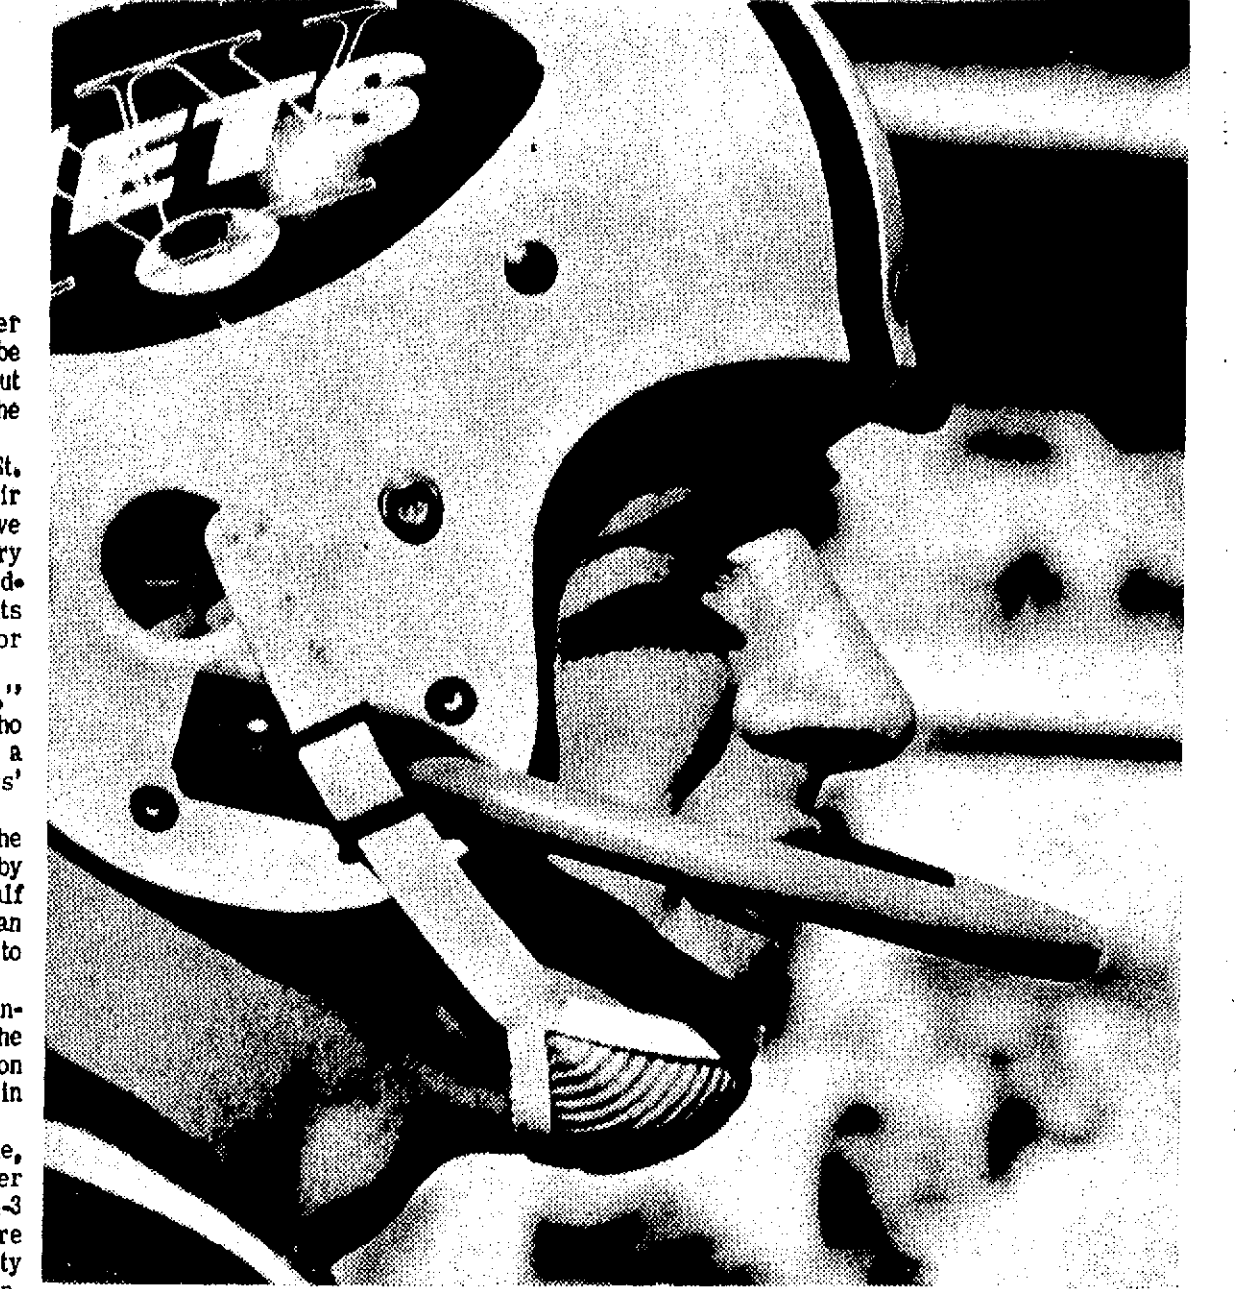

With the score tied 1-1 in the eighth inning against the Kansas City Athletics, Lomborg crossed up the A's by taking a bunt and then lining a triple, scoring pinch runner Jose Tartabull. Then he scored on a sacrifice fly in completing a 3-1 triumph.

The victory was the Red Sox' sixth in seven games and boosted them into a tie with the Minnesota Twins, a 5-4 victim at Washington, for first place in the wild American League pennant scramble.

"This is the one I've wanted for a long, long time," the 24-year-old Lomborg said. "Usually, I'm not nervous before a game, but I was tonight. All day long I thought about No. 20."

The 6-foot-5 right-hander, who has lost only seven games, set his sights on 20 victories last spring because "I knew if I could win 20 it would help the club plenty."

Naturally, every pitcher wants to win 20, but I was really determined this year," he said. "Now I'm ready for five more starts (in the last 16 games) — and then the World Series."

CONCENTRATION seems to be the mood of George Sauer Jr. of the New York Jets. It also seems to be the mood in professional football as the 1967 season begins.

## Boston, Twins Share AL Lead

By HAL BOCK  
Associated Press Sports Writer

Zoilo Versalles and Jerry Lumpe never stopped running but Jim Lonborg was the only one who really got where he was going.

The base running of Minnesota's Versalles and Detroit's Lumpe played key roles in the Twins' 5-4 loss to Washington and the Tigers' 6-4 triumph over Baltimore Tuesday night.

And Lonborg achieved a pre-season goal when he won his 20th game, pitching Boston to a 3-1 victory over Kansas City and a share of the American League lead with the Twins.

Fourth-place Chicago meanwhile, suffered a jolt to its pennant hopes when Cleveland swept a two-night doubleheader 4-3 and 7-1. That left the White Sox three games behind Minnesota and Boston. Detroit is one game back in second place and all four teams have 16 games left to play.

In the only other American League games played Tuesday night, California and New York split a doubleheader, the Angels taking the first game 2-1 in 12 innings and the Yankees capturing the nightcap, 2-1.

In the National League, Atlanta edged New York 4-3, Cincinnati pounded Pittsburgh 15-7, Houston edged Chicago 5-4 in 12 innings, St. Louis shut out Philadelphia 6-0 and San Francisco dropped Los Angeles 4-2.

Home runs by Fred Valentine and Frank Howard keyed the Senators' victory over Minnesota and it was Howard who cut down Versalles trying to stretch a double into a triple with Washington leading 4-1 in the seventh inning. The Twins rallied for two runs in the inning after the play.

When Howard hit his 34th homer in the eighth, it gave Washington the cushion it needed to stand off a ninth-inning Minnesota rally.

Lumpe beat out an infield hit on a close play opening the fifth inning against the Orioles and before the inning was over the Tigers had rallied for two runs, tying the game. Al Kaline's two-run homer in the next inning won it for Detroit.

The Orioles jolted 20-game winner Earl Wilson with early home runs by Luis Aparicio and Dave Johnson.

Lonborg became the majors' second 20-game winner when he bested the A's. He drove in the tie-breaking run with an eighth-inning triple and then scored an insurance run on Mike Andrews' fly ball.

Reggie Smith homered for the Red Sox and Bert Campaneris for the Athletics.

Cleveland jolted the White Sox with Luis Tiant's four-hitter completing the sweep after Bob Allen's clutch relief pitching had saved the opener.

Home runs by Max Alvis and Vern Fuller backed Tiant, who retired the first 12 batters he faced before Pete Ward reached him for a homer, accounting for Chicago's only run.

Allen struck out pinch hitters Tom McCraw and Wayne Causey, leaving the tying run on base.

## Finley, Players Make Up

By MIKE RECHT  
NEW YORK (AP) — Charles O. Finley and his Kansas City Athletics' players have buried the hatchet and restored, at least temporarily, the serenity of baseball's player-owner relationship.

The feud ended Tuesday after 20 hours of unprecedented meetings with Commissioner William D. Eckert when the Major League Players' Association dropped its unfair labor practices charges filed against the controversial Finley.

In return, Finley, owner of the A's, agreed not to interfere with the right of his players to air grievances in an orderly manner.

Thus, what started as a test case of the labor-management relationship in baseball, with Finley indirectly representing the major league owners he has long antagonized, ended quietly in compromise.

In a prepared statement, Commissioner Eckert said the parties agreed to settle future differences "by mutual discussion rather than by resorting to news media."

Fear of retaliation had led the A's to request the meeting with Eckert, who adjourned the gathering Monday with the avowed purpose of bringing peace before the situation reached the National Labor Relations Board.

The Players Association, represented by its director, attorney Marvin Miller, had accused Finley of threatening and coercing players in trying to get them to withdraw their complaints.

The commissioner also scheduled for review the suspension by Finley of pitcher Lew Krausse. A hearing on that matter was set for Sept. 28.

It was Krausse's suspension Aug. 18 for an alleged drinking incident on an airplane that touched off a chain reaction of moves which brought into the open the grievances and left the baseball world agog.

Lumpe said he was hoping for some typical dusty offshore Sydney weather. He got it Tuesday, 22-knot northeasterly winds and choppy 3-foot seas. But it was Intrepid, not Dame Pattie, that jumped in and found the water fine.

Both Sturrock and Bus Mosbacher, Intrepid's crack helmsman, were more intent starting with their boats clear of each other's backwind than they were in flogging one another. Sturrock may have been too intent.

Heading for the line on the starboard tack and leeward of Intrepid, Dame Pattie seemed to be in good position to give Intrepid some turbulent backwind off her sails, but to avoid crossing early, Sturrock had to bear down the line briefly just before the gun, losing any chance he might have had to slow up Mosbacher.

The Dame was across 10 seconds ahead of Intrepid, but the American defender from the New York Yacht Club had her air clear

# Grist and Saw-Mill, Business Seat of Rocky Mound in 1858 Hempstead History

## Thomas-Alexandra History Related by Fred Mouser

Original Alexandra Residence Erected There in the Year 1859

ALL ARE NOW GONE

Bumpurs House, Shown in Old Picture, Lost by Fire in 1918

By Fred Mouser  
The Bumpurs house shown in the picture was first built by a Mr. Alexander for himself in 1859. It was located about 50 feet south of the present home on the T. L. McWilliams farm three and a half miles east of Hope in the Rocky Mound community.

Mr. Alexander had a business partner by the name of John Thomas, who lived across the road about 100 yards to the west. The ruins of the Thomas home may still be seen on the little hill between one of the Dykes Springs and another spring just to the north.

**Mill Established**  
In the year 1858 Mr. Thomas and Mr. Alexander began operating their own large grist mill, a sawmill and a lumber mill on the north bank where the two main streams run together at Dykes Springs.

People came from miles around to get their corn ground into meal and their logs sawed into lumber.

The lumber used in the house shown in the photograph was sawed at this mill. The saw was a kind of a drag-saw used in a horizontal position.

The mill operated for a number of years before being finally dismantled.

**A Ventriloquist**

Years later the home of Mr. Thomas was rented or sold to a Dr. Wilson, who lived there for a time.

His neighbors all thought him strange, and they believed his house was haunted by a ghost, a human voice would come from the empty rooms, according to neighbors. The man, however, was a professional ventriloquist.

All the buildings mentioned in this story are gone.

The last to go was the house in the picture.

It burned in 1918.

## Garland Opposed Debt Repudiation

Defeated the Fishback Amendment in 1880-But It Passed in 1884

Arkansas' one experience in loaning credit to the business of banking ended disastrously and, years later, caused Hempstead county's greatest citizen, — Augustus H. Garland — to stump the state with a ringing appeal against repudiation of state debt.

In 1836 the legislature established state-owned banks. They failed. Years later the debt for which the state was morally responsible came up for payment in the form of the famous "Holt bonds."

In 1839 Colonel William Fishback proposed a constitutional amendment forbidding payment of this debt—and Garland attacked the amendment. At

the great lexiconographer, Samuel Johnson, recognized only four natural elements—earth, air, fire, and water—and was wrong on all four.

But the Frisco railroad, even at that early date, had faith in the future of the great Southwest and in Arkansas, which it now traverses with many miles of track. It was laying rails farther and farther in the Southwest, and by 1907 was anxious to extend its service to Hope. Because the Arkansas & Choctaw Railway Co. more than 10 years before, had done the pioneering work in this section, the Frisco was able to acquire trackage already laid to Hope, and in 1907 trains came puffing into this city for the first time under the Frisco banner.

The Arkansas & Choctaw was organized under the laws of Arkansas for the purpose of constructing a line from a point on the Texas & Fort Smith Railway near Ashdown, Ark., thence in a westerly direction into the Choctaw Nation, now the State of Oklahoma. This line was to extend as far as Lawton, Okla., and the charter also provided for the construction of any number of desired branches from the main line.

It never reached Lawton, and in 1902 the name of this company was changed to St. Louis, San Francisco & New Orleans Railroad. So it was that the Frisco inherited earlier local railroad developments, and now serves Arkansas with a network of well-equipped lines. Hope is a terminus of the Frisco line running in an east-and-west direction from Ardmore, Okla.

The Frisco Railway now has more than 3,500 miles of track, is equipped with the most modern cars, many of which have been introduced in the

last year. Heavier rail is being laid, and both freight and passenger service are being stepped up to meet modern demands for speed and safety.

first settlers did not disembark from their keel boats, the way most of them came here, but went up Little River which empties into Red river, just above Fulton, and then on the Saline, a tributary of that stream, and landed at what was known as "Saline landing." When a small boy, I recollect studying Olney's geography, prior to 1931, which said of Arkansas territory "that the principal towns were: Fayetteville in the northwest, Balfordville in the northeast, Little Rock, the Capital and Fulton on Red River."

A turtle became a national possession on the island of Mauritius. Its age was unknown, but it lived through much of the island's historical period and was mentioned in two treaties.

This is how the family and home of R. J. Bumpurs looked in 1853, on the T. L. McWilliams farm in the Rocky Mound community. Reading from left to right: George, Tony, Olar, Daisy, Mrs. Bumpurs, and Mr. Bumpurs holding little Miss Bobbie Bumpurs.

—Photo by the Star.

Sometimes a single photo tells more history than a whole book. The Star's camera shows you the old Holt hotel which, before the coming of the railroads, stood in the heart of the original town of Nashville. The old town,

perhaps a mile north of the present city, was on one of the stage-coach lines that traversed southwest Arkansas—and the Holt tavern was a stage-coach stop. But the railroad came thought at a point a mile to the south, and old Nashville moved to its present site.

And now one would never guess that this old building was once the heart of a town—for it stands by itself in a pleasant bit of farmland on the north side, used as a residence, and still in excellent repair.

The hotel proprietors in those stage-coach days were Mr. and Mrs. F. T. Holt.

The Star is indebted to W. C. Rodgers, Nashville attorney, for this bit of history on the Holt tavern.

"Mr. Holt kept a squalid place of entertainment and the traveling public seemed to be glad to get to Nashville for a pleasant stay with him. They (Mr. and Mrs. Holt) kept a table that would tempt the appetite of the most confirmed glutton and dyspeptic. They were excellent people and one of the most hospitable families that ever lived in Nashville."

"They abandoned this place shortly after the railroad came, and for a number of years kept the Nashville hotel."

"But the Holt hotel was the first and oldest structure in the town to be used for the traveling public."

Nashville is the county seat of Howard, which, on April 17, 1873, became the 73d county of Arkansas. Named in honor of State Senator James Howard, of the 17th district (Clark, Pike and Sevier), it was carved out of territory formerly belonging to Polk, Pike, Hempstead and Sevier counties.

Center Point was the original county seat—subsequently moved by popular vote to Nashville.

The moon has no atmosphere to shield it from the sun's burning rays. In spite of the fact that its surface may have a temperature of 273 degrees when the sun is overhead, the sun disappears with the sun, and on the dark side the temperature sinks to 307 degrees below.

Carpenter ants hollow out homes in wood, building galleries, halls, and rooms with the skill of an architect.

The English song thrush selects a special stone in the neighborhood, and uses it as an anvil on which to crush snails.

# R. R. Cornelius, the First "Waterboy"

## Also First Newsboy—Remembered When Green-backer Got Drunk

R. R. Cornelius, of Hope, was one of the first waterboys to bring water from Dyke Springs to town by wagon. This was before the town had enough citizens and wells to supply the people.

Mr. Cornelius would sell his water for 25c a barrel, five buckets for 10c or two buckets for 5c. Just a young boy, he recalled how sometimes he would meet teamsters whose wagon tires were so dry they would ask him for a little water to pour over their wheels. Then they would use half a tank and not pay him for it.

Mr. Cornelius was also the first newsboy of Hope, delivering the Old Greenback Herald for Captain A. M. Curry. Other publishers were either a Mr. Holson or a Mr. Story.

One day a Mr. Hansen came to town and got one of the heads of the Green-back party drunk and put him in a wagon and exhibited him all over town yelling, "Right this way. Ladies and Gentlemen, to see the famous head of the Greenback Party."

When President Grant came to Hope to lecture he spoke in the old Powell Hall, where the Barlow Hotel now stands. This was the only show place in town during the years 73-74.

Whenever a comedian came to town this was one of the first gags he would pull: "What are the biggest things in Hope?" "New Little's Theater and Bill Brazell's feet."

During the Mexican war there was a company of soldiers camped on Prairie DeRoane under two large oak trees where the Capital Hotel now stands. Mr. Cornelius' grandfather, R. R. Cornelius, was one of the soldiers. A Mr. Baldwin living out about a quarter of a mile west of the Pines used to have his slaves haul water to the regiment by ox-cart. Mr. Baldwin is buried in his private cemetery near the peach orchard of Mr. Tharp. In this same cemetery are buried his two prize white coach horses and there are markers at their graves of stone and rock. Mr. Cornelius' grandfather is buried at this spot and on his headstone is this inscription, "Died in 1874, age 64 years, and 61 years a resident of Arkansas." This will show what an early settler he must have been.

Mr. Cornelius remembers when Main street was floored with two-inch lumber from just below the present Baptist church south to the corporation line, which was just this side of the new High School. The street was so bad in rainy weather people just couldn't use it otherwise.

tain certificate of the Recorder of Lands for the Territory of Missouri for any quantity of land not exceeding 480 acres bearing date the 10th of December, 1816.

Land to be selected from any of the public lands in said Territory, the sale of which is authorized by law which said certificate was issued by virtue of the provisions of an act of Congress relative to sufferers of earthquakes in County of New Madrid, approved February 17, 1815.

James M. Stuart, Clerk.

Tavern License—1820

April 24, 1820.

Court granted to Joseph Calvill of Saline Landing license to keep a tavern at said place, he having paid \$15, the tax imposed by Court.

N. W. Lane, Judge.

The First Divorce—1820

The first divorce was granted August 31, 1820.

It is ordered and decreed by the Court that Benjamin Fuller be and is hereby forever freed and divorced from the bonds of matrimony by him contracted with the said Mandy Fuller and that the parties be as free to contract marriage as they were before the late union.

N. W. Lane, Judge.

First Liquor License—1820

The first liquor license was issued August 10, 1820.

Ordered by the Court that a license be issued to Benjamin Lowell to retail liquor by paying \$10.

N. W. Lane, Judge.

Courthouse Contract—1821

The (courthouse) building contract was let by the commissioners to T. L. Patterson to construct a 50-ft. square building two stories high of all pine heart, hand-hewn timber in the exact center of the tract of Washington at a stipulated cost of \$250.

Prison Tract—1821.

December 14, 1821.

On motion it is ordered by the Court that Daniel T. Witter be appointed to lay off fifty acres of ground so as to include the Courthouse and that it may be as near the center as possible, which shall be deemed and taken for the prison bounds of Hempstead county.

# First Marriage

way to the Mound Prairie settlement so as to intersect the road leading from Fowlers Saline to Hempstead Courthouse, and that Ruben Madden, Samuel Hopsen and Matthew Fountain be appointed commissioners.

N. W. Lane, Judge.

The First Will—1819

The first will recorded in Hempstead county is that of Robert Dunville of Washington county, Territory of Missouri made June 28, 1816, probated July 3, 1819.

J. M. Stuart, Clerk.

Hon. Chase, Wheaton, Judge.

The First Deed—1819

The first deed recorded in Hempstead county was made September 20, 1819, recorded October 29, 1819.

John Scott of St. Genevieve, Territory of Missouri, deceased to Thos. C. Rector, Henry Remick, Joel Campbell and Lahen Glascock for and in consideration of the sum of \$2,160 a cer-

# The Old Washington Cemetery

## By Charlean Moss Williams

Oh rock-ribbed hill beneath majestic pines  
And giant oaks, their sheltering arms outspread  
Like sentinels on guard, where babbling brook  
Chants mystic hymn—there sleep the honored dead.

'Tis hallowed ground—this cemetery old,  
Where ancient hard and valiant soldier brave,  
In calm repose—their deeds of valor won  
By pen and sword—rest in their humble grave.

But are they dead whose noble deeds still live,  
Whose scrolls that time can never efface?  
Is immortality a myth, a dream?  
Men can forget, and fleeting time efface?

On storied slab we read inscriptions, dim  
With age, and dates recording birth and death  
Of father, son and infant—new born—  
Three ages of a world in one quick breath.

Beginning, middle, and life's continued span—  
God's mysterious round of perpetual growth;  
We see in this, immortal spirit blest  
With dust and clay, and traveling in eternal van.

Men can forget the deeds of valor bold,  
Wrought by hands that now are still;  
But God who marks the sparrow's flight,  
Still keepeth watch on yonder sacred hill.

Here on freedom's soil is he who won  
The Star of Liberty from despots' laws;  
Here also lies the soldier of the South,  
Who won a glorious name but lost the cause.

Ye sons and daughters of America!  
Take heed and let not these neglected be;  
And ye, ye daughters of the South!  
Preserve the graves of those who wore the gray!

Recess in peace! On nature's bosom sleep  
Thy momentary sleep till Heaven's dawn  
Unfolds her portals everlastingly bright,  
And bids thee share eternal Heaven's morn.

# Patmos History Is Told by McClarty

## Sawmills Developed South Hempstead Town Following the L. & A.

Lon McClarty, whose father, the late Dr. T. A. McClarty, was one of the first five doctors of Hope, tells some interesting happenings during the early history of Hempstead.

Mr. McClarty's father first came to Arkansas from Georgia in 1860. When Lon was about one year old the family returned to Georgia, coming again to Arkansas in 1865.

The family lived at Patmos before Hope had developed much, and Mr. McClarty recalls some of Patmos' history. Rider & Johnson had the first sawmill there, and after Buchanan brought the L. & A. railroad from Stamps on to Hope, Ad Thomas put in a mill also at Patmos. There were several stores here at one time there was a Mr. Ward who kept a little store, and Bob Mayton had a drug-store.

Early settlers were:  
The Riders, Johnsons, Coopers, McClartys, and others that Mr. McClarty could not recall.

When Mr. McClarty first came to Hope there were only three brick buildings in the town. One of these was known as the D. C. Hicks home and stood on the corner where the Arkansas Bank & Trust Co. building is now. He was the father of the present Marcus L. Hicks.

Mr. McClarty remembered an old square dance he used to call whenever "there was a hot time in the old town."

It goes to the "Arkansas Traveler" tune and is as follows:

Honor your partner on the left—  
Swing corners  
Swing your partner and promenade.  
First couple to the right  
Four hands up.  
Ladies Do-De-Do  
And the gents ought to know.  
Next couple follow on around.  
Swing corners  
Swing your partner and promenade.  
Right hand to your partner  
Swing corners left handed  
Right hand back to your partner  
Grand right and left.  
Meet your partner and swing corners.  
All promenade  
Everybody dance!  
Then  
Then Ladies to their seats and gents to the jug!

certify that on the 14th day of June, A. D. 1853, I did duly join in marriage Augustus H. Garland of County of Hempstead, State of Arkansas, aged 21 years, to Miss Sarah Virginia Sanders of the county and state aforesaid, aged 18 years.

Given under my hand this 21st day of June, A. D. 1853.

H. A. Sugg,  
Filed and Recorded June 21, 1853.

Old Soldier

Friday Morn 12th October A. D. 1832 Court met pursuant to adjournment. Present the Honorable Thos. P. Eskridge.

John Holeman, a resident of the County of Hempstead and Territory of Arkansas, this day personally came into open court, and being first duly sworn made and subscribed his declaration in writing in order to obtain the benefit of the Act of Congress of the seventh of June, A. D. 1832, entitled an Act Supplementary to the Act for the relief of certain surviving officers and soldiers of the Revolution.

John Calloway of Clark county, Ark., Territory, and Bartlett Zackary of the County of Hempstead and Territory aforesaid this day came personally into open court and being duly sworn state on oath and declared that they are well acquainted with John Holeman of the County of Hempstead, and Territory of Arkansas, and that they believe him to be at least 50 years old, that he is reputed and believed to have been a soldier of the Revolution and that they concur in that opinion and believe the declaration made by him on this day to be true.

Royston Fined

Wednesday morning, 13th of May, 1835.

It is ordered by the Court that Grandison D. Royston be fined one dollar for being absent from court after the expiration of a recess taken by the court.

It is ordered by the Court that Grandison D. Royston be fined one dollar for a contempt offered this court.

Edward Cross, Judge

April term 1832.

The Grand Jury returned into court a true bill of indictment  
U. S. vs. Charles Wheaton  
Sabbath Breaking.  
On motion of the defendant by his attorney that the indictment be quashed which was granted.

U. S. vs. Alexander S. Walker  
Indictment for challenging Matthew Moss to duel.

U. S. vs. A. S. Walker  
Challenging Jas. Williams to fight.

This day came the Circuit Attorney and because of a defect in the indictments returned into court by the grand jury says he is unwilling to prosecute said defendant. Therefore it is ordered by the court a nolle prosequi be entered herein.

N. W. Lane, Judge

Town Plat Recorded—1829

June 4, 1829

Edward Cross, Absalom Maddox and Daniel T. Witter, trustees of Town of Washington, this day appeared in open court and on motion it is ordered that Allen M. Oakley, Clerk of Court, record the town plat of Washington, which they this day filed in open court.

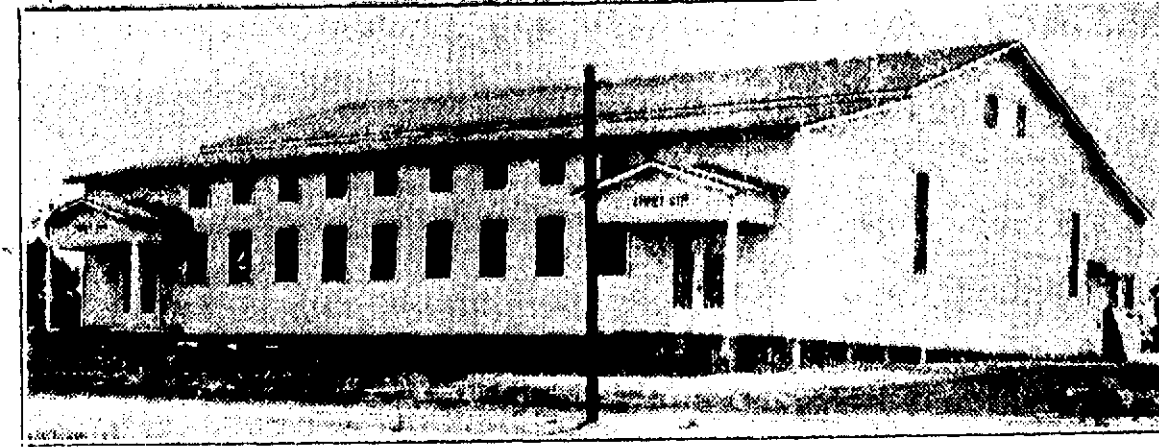

William Trimble, Judge

Town Incorporated—1830

April 15, 1830.

On petition of sundry inhabitants of Town of Washington the said town was incorporated and Daniel Ringo and Edward Cross were appointed commissioners to regulate and super-

# New Gymnasium Built at Emmet

The Federal Works Progress Administration (WPA) and school authorities combined to build this new large gymnasium for Emmet High School the winter of 1935-36.

# Writes of Fight at Mark's Mill

## Late Father of Roy Anderson Recalls Famed Battle April 25, 1864

Reminiscences of the Battle of "Mark's Mill"—Civil war. As remembered by Charles T. Anderson, a member of Company "A", Newton's Regiment, Cabell's Brigade. (Written in year 1915).

This battle was fought April 25, 1864. General Pagan was in command and the forces all told were about 5000 men. Gen. Cabell commanded Cabell's Brigade. Gen. Joe Shelby commanded Shelby's Brigade. I fought under Cabell. Shelby moved on the road to the right to the head of the train some two or three miles. Cabell's Brigade attacked the main guard near the head of the train, routed that part of the guard and then faced the rear and fought the rear guard of the train. Most of the fighting was done by Cabell's Brigade.

This fight was a hot one. We were down on the ground and bullets whizzing over us, but we did not stay in this position long as we were ordered up and forward, the column extending to the right and to the left as far as I noticed and advancing at a fast walk toward the firing. We were in a pine country and I could see our skirmishers firing and running back and falling on the ground like they did in a skirmish drill. As our column advanced the guns roared, the bullets whizzing, a number of officers were a few feet in front and I noticed a Captain jump behind a tree and I yelled: "No time to get behind a tree" and about that time I heard a noise—plunk!—right at me like a noise of a rack against a hole of cotton and I looked and saw one just a few feet to my left reel and fall and pretty soon we were all getting behind trees.

The neighbor and old friend of my father who had promised my dad to look after me with me behind two mules harnessed to a wagon all dead. Just after the battle I passed Col. Gordon and he pointed to me and said to others: "There is a boy that fought." My face was black with powder smoke which I suppose caused

I ran some 30 feet in front of the main column to where my lieutenant was. He was behind a small tree not big enough to protect even one of us and the bullets were hitting the tree, knocking off the bark and cutting off the limbs and I felt that we were all going to be killed and I put my mouth up to his ear—he was lots taller than I was—and yelled as loud as I could: "Lieutenant, it is getting too hot for me"—I started back to a larger tree but after my body had started back my legs refused to go and I jumped behind a tree. Two men were already behind the tree, laying on the ground with their heads to the tree and I got on the top man's back with my head to the tree and another man ran up and was getting on top of me when our Colonel ordered us all up and to the front. I then ran up to the front line about 30 feet where only one man was shooting as fast as he could. He and I were behind a large tree and I stepped out to shoot and the thought came to me to take aim and I leveled my gun at what appeared to be a blue column—of Yanks—but the smoke was so thick I couldn't see very well and when I pulled the trigger I felt the pressure of my gun to my shoulder and knew my gun had fired but the roar was so great I couldn't hear my gun. I acted quickly and got behind the tree and my comrade moved out to fire and he fell back against me and said: "O, Lordy, I am killed," and fell to the ground, almost knocking me over. Just at this time I saw my father's old friend about 15 feet to my right side and he was getting up from the ground. I ran to him and he was pulling at his side and I jerked the waist of his trousers down and saw a large bloody wound on his side, where a large ball had ploughed through his side.

In the meantime, our Lieutenant was wounded and soon afterwards the Yanks surrendered and the battle was over. Several hundred prisoners were taken by the Confederates and I walked over the battlefield and the dead soldiers of the Yanks were thick on the ground that a man could have gone from one to another for a distance of 100 feet in places. Trees were shot through and small ones cut down by the artillery. I saw 6 mules harnessed to a wagon all dead. Just after the battle I passed Col. Gordon and he pointed to me and said to others: "There is a boy that fought." My face was black with powder smoke which I suppose caused

Cabell's Brigade captured the Yanks' battery of Artillery and with Shelby's command which pushed on after them, 1500 prisoners, several Yank officers among them. About 300 wagons and teams were taken; 1000 mules; 1000 muskets and 4 pieces of artillery. Every horse in the captured battery was killed. Cabell's brigade numbered about 800 men. The Yanks had about 2500 men, infantry, cavalry and artillery.

# Huge Offering of Land Here in 1883

## Advertisement of 10,000 Acres Appears in Old County Directory

A business prospectus of Hope and Hempstead county published in 1883, only 10 years after the coming of the Cairo & Fulton railroad created this city from open land, is owned by Mrs. Fannie Holt. South Hervey street, Hope. It descended to her from her father, J. F. Hervey, lawyer and real estate agent who, according to his advertisement in this prospectus of 33 years ago, was offering "about 10,000 acres of land for sale near Hope. For call, Fulton and Garland City."

Another important advertisement in this 22-page pamphlet was by Wood Brothers, who in an section of their advertisement stated that they were "Wholesale and Retail Dealers in Staps and Fancy Dry Goods, Boots, Shoes and General Merchandise." Wood Brothers' stand was on Elm street, Hope.

B. F. Kennedy carried an advertisement in this book as an attorney at law and real estate agent.

The pamphlet was published at Little Rock, 1883, by the Union Printing & Publishing Co.

# For Your Protection

## Qualified and Experienced Men

—Photo by The Star.

Left to Right: F. B. Ward; Clarence E. Baker; Claude Stuart; Hugh Bearden; John Turner; and Chief of Police John W. Riddgill.

F. B. Ward—Born in Nevada county. In 1913 moved to Blevins. Moved to Hope in 1925. Worked for the Hope Basket Co. up to the time accepted a position on the police force in 1935.

John C. Turner—Born in Hempstead county. Moved to Hope in 1923. Operated a service station until he accepted a position on the department in 1929.

John W. Riddgill, Chief of Police—Native of Georgia. Moved to Hempstead county 1893 and came to Hope in 1903. Worked for J. H. Haynes grocery. In 1905 went with W. A. Tharp. In 1910 accepted a position with Johnson and Billingsley. Elected tax assessor 1930—served 1 year. In 1935, appointed chief of police by Mayor Graves.

Hugh Bearden—Born in Georgia. Came to Hempstead county when 2 years old. In 1910 with the Hempstead County Bank as field man. Accepted a position on the force under Mayor John F. Newby. With Highway Department. In 1935 went with the department again.

Clarence E. Baker—Came to Hope in 1914. Joined the force in 1924. City Marshal in 1926. Re-elected in 1930. Served as field deputy under Sheriff John Wilson. Appointed Chief of Police in 1933. Served until March 1935.

Claude Stuart—Veteran dry goods merchant. Served 8 years on city council. Appointed first Police Chief in 1931 and served two years in that capacity. Been with the department ever since.

# Hope Police Department

Received of Allen M. Oakley clerk of the County of Hempstead in the Territory of Arkansas, one copy of the Tax List of said county for the year of our Lord one thousand eight hundred and twenty-nine.

**WORLD ALMANAC FACTS**  
In June 1776, the Continental Congress suggested a number of changes in Jefferson's first draft of the Declaration of Independence. The World Almanac says the Congress made 86 changes, eliminating 480 words and retaining 1,337. Jefferson especially objected to Congress' deletion of his indictment of Britain's part in the slave trade.

**THE DOCTOR SAYS**  
New Synthetic Chemical Blocks Asian Flu Bug  
By WAYNE G. BRANDSTADT, M.D. Newspaper Enterprise Assn.  
A new drug for the prevention of Asian influenza (the commonest form) is now available—amantadine hydrochloride (Symmetrel). It is not a vaccine nor an antibiotic but a synthetic chemical unrelated to any other anti-infective drug. Although it affords protection against Asian flu, it is not effective against other virus diseases, even other forms of influenza. The drug works by preventing the virus from invading the body cells without interfering with the vital function of these cells. It has the advantage that, when taken immediately after exposure to the influenza virus, it will ward off the disease. Thus the new drug, which does not interfere with the immunity set up by the vaccine, would be of especial value in the presence of a flu epidemic for protecting persons who had neglected to be vaccinated. It is recommended for children and elderly persons—two groups that are especially likely to develop complications with an attack of flu. Once started, the treatment should be continued for at least 10 days and can be safely given for as long as 90 days if there is danger of repeated exposure. Although such side effects as dry mouth, nausea and skin rash have been reported in a few persons who have used the drug, no serious side effects have been observed. It would be a great mistake to rush to your doctor and demand that he give you this new drug in the absence of know cases of Asian flu in your community because its failure to prevent the common cold and other respiratory infections would, in the minds of the uncritical, tend to discredit this very valuable drug. Vaccination against Asian flu started in late summer or early fall is still your best protection. If you fail to be vaccinated and do get this disease you should bear in mind that amantadine will do you no good because it is strictly a preventive, not a cure. Q—I am a woman, 58. I woke up one morning and the room was going around. When I bend over I lose my balance. Is there a cure for this? A—Since dizziness may be caused by anemia, hardening of the arteries in the head, Meniere's disease and tumors that press on the base of the brain, a thorough study to determine the cause should be made. The treatment would depend on the findings. Little, But Much Only 1/20th of the annual value of the world's mineral products come from Africa, but that continent leads the world in the production of certain precious and rare metals. ## Access Roads Rabbi Addresses Club Discussed by Board

Hope city directors last night adopted a resolution requesting the Arkansas Highway Department to make an engineering study of Highways No. 4 and No. 29 leading north of Inter-State 30 interchanges.

The resolution also included a study of access roads and a connecting road between Highway 29 south and Highway 4 south, along 23rd street.

The governing board incorporated into the resolution the possible expenditure by the city government of \$75,000 to provide a "white-way" lighting system of the two roads leading north to the interchanges.

The matter of setting a date for a city-wide vote on the city's proposed \$765,000 artery system was postponed for two weeks to give bonding attorneys additional time to prepare an ordinance for the election.

Other action concerning street improvement, was the endorsement last night by Hope Junior Chamber of Commerce to back the city's artery system plan.

It was the seventh organized group to go on record favoring the plan. Other groups previously taking favorable action include Hope Chamber of Commerce, Hope Board of Realtors, Hope Kiwanis Club, Hope Rotary Club, Business & Professional Women's Club, and a Citizens Action Group for better roads.

City director Clyde Fouse addressed the JC group at its meeting held at the Red River Vocational school in which he pointed out that once the artery system plan was adopted and the work done by out-side contractors, it would free the city street department for concentrated efforts to put many other residential streets in first-class condition.

The city purchased about \$60,000 in new equipment in late spring and much asphalt paving and re-sealing has been accomplished during this short period of time.

Besides regular maintenance of existing streets, several new streets have been paved, some including curb and gutter.

### Mayors to Hear Richard Arnold

TEXARKANA, Ark. (AP) — Mayors from four states are expected to attend a conference here Friday to promote goodwill and understanding of mutual problems among cities in Arkansas, Texas, Louisiana and Oklahoma.

The Texas and Arkansas mayors of Texarkana have proclaimed the day as "Four States Mayors' Day" in the city.

The speaker for the event will be Richard S. Arnold of Texarkana, an unsuccessful candidate last year for the Democratic nomination for U.S. representative from the Fourth Congressional District.

## Figures Every City in America Should Have One Man Like Marshal

By WICK TEMPLE  
HELENA, Mont. (AP) — Every city in America should have a man like Walter Marshall.

You know, the kind of guy who forgets about accumulating money and turns to the thankless jobs that put a city on wheels; the guy whose personality gets into the foundations of a town.

Walter Marshall is a chunky, zealous little man who finds more than 24 hours in a day. He isn't a mayor or a civic club president, although he could be, and he could be well-to-do from his livelihood, which is selling advertising in Helena.

But many years ago, Walter decided how much time he would give to making money, and how much to nonpaying work. The nonpaying variety turned out to be more fun.

He wears a half-tie that looks like it was dunked in soup and had to be cut off. He has a gravelly voice, and, yes, sometimes he bugs people. But he gets the job done, any job, wherever the town can use him.

Walter took charge of a de-

Henry Haynes Photo With Star Camera  
RABBI LEVINE

Rabbi Joseph Levine, minister of Temple Sinai, Texarkana, was guest speaker before Hope Kiwanis club Tuesday and reviewed much of the history of Israel and events leading to the lighting six-day Israeli-Arab war.

He denied that Israel and the Arab nations were natural enemies, but that much propaganda had brought on hate, suspicion and a disregard for the truth... leading eventually to war.

He pointed to Israel as a country of spiritual cultural, beauty, intellectual, highly developed in agriculture, industry and a coun-

try with no open drunkenness, no 'hippies, no beatniks.

Rabbi Levine is a native of McKeesport, Penn., was educated at the University of Pittsburgh, the Jewish Institute of Religion, and the Hebrew University of Jerusalem.

He has occupied pulpits in Glasgow, Scotland; Plainfield, New Jersey; Santa Ana, Calif.; and Greensburg, Penn.

He was introduced on a program arranged by Bob Moers. Guests included Charles Greenlee, Herbert Gilliam and Jim Argo.

## Reagan Believes U.S. Should Use All Its Power Against Enemy

By BILL BOYARSKY

SACRAMENTO, Calif. (AP) — Gov. Ronald Reagan is getting ready for his first nationwide political tour as a full-fledged hawk on Vietnam and loser than ever to campaigning actively for the Republican presidential nomination.

Less than three weeks before his speechmaking trip through Illinois, South Carolina and Wisconsin, Reagan made his toughest statement so far on the war, asking for a sharp escalation.

"I don't think the full technological power of the United States is being used," Reagan told a news conference Tuesday.

He said he didn't think nuclear weapons are needed to win but insisted "the enemy should be frightened that we might" use them.

The eagerness with which he See REAGAN (on page two)

### LP Dealers Hold Meet in Hope

A safety meeting for L.P. Gas Dealers and their employees was held Tuesday night at the Town & Country Restaurant. Twenty dealers and their employees, a total of 65, were present.

Mr. Sandusky, inspector for the Arkansas L.P. Gas Control Board was in charge of the meeting. Slides illustrating safety violations were shown and explained followed by pictures showing the results of violations.

Dealers and their employees were present from the following towns: Hope, DeQueen, Delight, Prescott, Lewisville, Bradley, Fouke, Texarkana, Ashdown, Foreman, Dierks, Lockesburg, Nashville, Murfreesboro, Stamps, Ft. Smith, Little Rock, and Atlanta, Texas.

### Man Shot to Death at Fayetteville

FAYETTEVILLE, Ark. (AP) — Hugh Hollis Hill, 27, of Greenland was shot to death Tuesday night, touching off a massive manhunt that ended this morning with the capture of a man wanted for questioning in the slaying.

Police said they captured a man near the Fayetteville Municipal Airport who gave his name as Jack I. Wilkerson, 38, a native of Bentonville.

State Police said the search began for Wilkerson Tuesday night after an exchange of gunfire with State Trooper Tommy Williams. Williams identified Wilkerson as the man with whom he exchanged gunfire.

Authorities also were looking for Lester Nieman, 47, a Fayetteville cab driver who has disappeared. A pair of glasses with Nieman's name on a blood-spattered car parked behind Hill's home.

Seems the dogs liked the sena-

## Election Reform Bill Advanced

By JOE HALL  
WASHINGTON (AP) — House supporters of an election reform bill which won unanimous Senate support say they can get it enacted in time to apply to the 1968 elections.

The Senate voted 87 to 0 for the bill Tuesday and sent it to the House, where similar legislation has been rejected in recent years.

The bill would require candidates to disclose completely campaign gifts and spending in federal elections. If applied to the '68 campaign, it could provide the fullest accounting ever made of spending in presidential and congressional elections.

It limits to \$5,000 the amount one person may contribute to one candidate in one year.

Although approving most of the reforms recommended by President Johnson, the Senate defeated, 46 to 42, an amendment by Sen. Joseph S. Clark, D-Pa., to require that members of and candidates for Congress disclose their incomes, assets and liabilities.

Among those voting for Clark's proposal was Sen. Thomas J. Dodd, D-Conn., censured by the Senate earlier this year for alleged financial mis-

### Insurance Firms Pledge Aid to Slums

WASHINGTON (AP) — President Johnson got a pledge Wednesday from the life insurance industry to channel \$1 billion of mortgage money into big city slum areas.

Johnson, after meeting with industry leaders at the White House, welcomed the move and said the insurance companies "have made a historic contribution to your country."

Some 348 companies will put up the \$1 billion, each according to its assets.

The mortgage money will go mainly into various housing programs qualifying for Federal Housing Administration insurance.

These include rent supplement and model cities projects, rehabilitation programs and purchases of individual homes in slum areas.

### Alcoholic Board Asks Reversal

LITTLE ROCK (AP) — The state Alcoholic Beverage Control Board asked the Arkansas Supreme Court Tuesday to reverse a Chancery Court ruling in which Judge Murray O. Reed held that a 1939 liquor law was invalid.

Mrs. Martha L. Adams, who operates a liquor store in Forrest City, challenged the law on grounds that it failed to receive the 18 votes needed for approval in the state legislature.

Mrs. Adams wants to transfer her liquor permit from inside the city limits to a rural area east of Forrest City, which is prohibited by the law.

Reed ruled July 19 that while the law received the 18 votes it needed in the legislature, one of the legislators who voted for it, the late Sen. Paul Gutensohn of Fort Smith, subsequently was removed from the Senate on grounds that he had not been elected officially.

### Insurance Hike Denied

LITTLE ROCK (AP) — The Transport Indemnity Co., of Los Angeles, Calif., failed to provide enough information to justify its request for a 20 per cent increase in automobile physical damage rates, state Insurance Commissioner John Norman Harkey ruled Tuesday.

The company primarily insures long distance trucks, the Insurance Department said.

## Plane Deal Described as Multibillion Dollar Blunder by McClellan

By GAYLORD SHAW  
WASHINGTON (AP) — Sen. John L. McClellan charged today that Secretary of Defense Robert S. McNamara's claimed \$1 billion savings on a controversial warplane has become "a multibillion-dollar blunder."

And the shaggy-browed Arkansas Democrat predicted that unless the Pentagon chief makes drastic changes in the program, the cost of supplying the Air Force and Navy with a fleet of the multiservice F111s, commonly called the TFX, could top original estimates by \$6 billion.

McClellan is chairman of the Senate Permanent Investigations subcommittee which is continuing its 5-year-old inquiry into the TFX program.

His comments came in an interview as a Senate Appropriations subcommittee prepared to release the censored transcript of a hearing at which, sources report, Pentagon officials conceded the Navy version of the F111 still is unsuitable for service.

The controversy dates back to late 1962, when McNamara awarded General Dynamics Corp. a contract to develop a supersonic swing-wing combat aircraft that would satisfy the combined needs of the Air Force and Navy.

By using identical parts, McNamara contended he could save \$1 billion in building the all-purpose craft. Research and development costs originally were estimated at \$711 million, but McClellan says they now will exceed \$2 billion.

"That's no billion-dollar savings," he added. "That's a multibillion-dollar blunder in itself." McClellan declined to give a more specific figure.

McClellan also said the initial estimate for producing 1,700 of the planes was \$5.8 billion but "now we are told that to produce 1,300 planes, or 400 less, it is going to cost \$10 billion to \$12 billion. In other words, we are going to get fewer planes and we are going to pay double."

Five years ago, it was estimated that each F111 would cost about \$2.8 million. Now officials say each F111A Air Force tactical fighter will cost \$5 million while each Navy F111B will cost \$8 million.

Defense Department officials attribute the higher unit cost to program changes, reduced quantities, changes in deployment concepts, and added fire-power capabilities.

McClellan places the blame "on the fact that the engineering has been done in the Defense Department rather than being left to competent technical engineers."

### Cannon Named Saratoga P.M.

WASHINGTON (AP) — President Johnson asked the Senate Tuesday to confirm his appointments of Bunyan W. Matthews Jr. of Magnolia, George E. Fryer of Russellville and James F. Cannon of Saratoga (Hempstead County) as postmasters of their communities.

Davis, a native of Texarkana, served about 5 1/2 years with the FBI in Illinois, Colorado, Wyoming and California before accepting the job as State Police director. Wood held that Davis qualified for the position because he intended Arkansas to be his permanent home.

Purcell, who issued an opinion last June that Davis failed to qualify under a 1945 law requiring the director to be a resident of Arkansas for 10 years preceding his appointment, indicated that it probably would be three or four weeks before he filed his brief with the Arkansas Supreme Court.

Davis, a native of Texarkana, served about 5 1/2 years with the FBI in Illinois, Colorado, Wyoming and California before accepting the job as State Police director. Wood held that Davis qualified for the position because he intended Arkansas to be his permanent home.

### All Around Town

By The Star Staff  
State Police have just received a copy of the Arkansas law pertaining to motor driven cycles... the law states that all riders and passengers of motor-driven cycles and motorcycles shall be equipped with protective headgear, protective glasses, goggles or transparent face shields under standards set forth by the Department of Motor Vehicles for the State of Arkansas... and Lt. Guy Downing informed the Star today that the law will be enforced... in other words if you ride a motorcycle, etc, get the proper equipment or you will be subject to arrest.

We note that Federal-aid highway funds for 1969 amount to \$4.8 billion and of the amount \$3.8 billion will go for interstate construction... Arkansas' portion is \$42,799,146 and broken down as follows... Interstate \$29,532,175... primary \$6,642,681... secondary \$5,258,619 and urban \$1,365,671.

According to the U.S. Corps of Engineers report that 191,336 persons visited Lake Texarkana last month and since January 1, this year, the number is 1,694,526... swimmers outnumbered the fishermen by over 10,000.

During the past month there were six highway accidents in Hempstead... eight in Lafayette... five in Howard with no fatalities... Nevada County had seven accidents with one death resulting... statewide there were 925 accidents during July with 44 deaths resulting... arrest made resulting from these accidents total 525.

## Mortars on Both Sides Are Active

By GEORGE MCARTHUR  
SAIGON (AP) — Thunderous artillery and mortar duels between U.S. Marine and Communist gunners raged today across the demilitarized line dividing Vietnam.

Military reports said six Marines were killed and 109 wounded in the steady gunfire and Communist probes during the past 24 hours. Some South Vietnamese troops were also casualties but their number was not announced.

The bunkered fortress of Con Thien, the key to Marine defenses below the demilitarized zone, threw back an attack by 150 North Vietnamese regulars just before dawn.

The mounting Communist fire and thunderous response from American guns and bombers shook the scarred battle zone around the clock.

With ground fighting light elsewhere and heavy weather curtailing air strikes against North Vietnam, the area around the demilitarized zone was the major concern.

Eight-engine B52s made two more heavy raids on suspected North Vietnamese hideouts in the zone today. In the past 24 hours the big bombers have dropped about 750,000 pounds of bombs in the area.

Smaller jet fighter-bombers also roared over to blast Red gun positions in the zone and to the north where Soviet-made artillery with a range of 15 miles is dotted. Air Force officers said the Communists are also making another effort to bring their big Soviet surface-to-air missiles down to use against the B52s but so far haven't been able to get them into firing positions.

North Vietnamese gunners in the area brought down one Air Force Phantom jet on a photo mission Tuesday.

Insurance Available to Students  
A school child accident insurance plan underwritten by Providential Life Insurance Company under which the parents of every enrolled child in the Hope Public School system is being offered low cost accident insurance, James H. Jones, Superintendent of Hope Public Schools, announced today.

A school accident plan will assure every child attending school in Hope School District adequate medical attention in case any accident occurs to him in connection with his normal school activities.

"What the plan will do for your child," pays up to \$5,000 medical expenses resulting from accidental injuries: Within a school building or on the school grounds or premises during the hours and on the days when school is in session, including the lunch period; after school hours, or on days when school is not in session provided the insured is participating in any activity sponsored and supervised by the school.

Information explaining the plan, has been sent all parents by the students. Please study this and, if interested, complete the application on the envelope and enclose \$3.00 and send back to the teacher. Students are covered when the premium is paid to the teacher.

Parents may select a plan which has 24 hour coverage—12 months per year and provides complete accident coverage on a "Round - the - Clock" basis.

Provides accident insurance not only at home, but a school, or at play, on weekends, during the entire summer when school is not in session.

Parents may select either plan as follows:  
PLAN 1: \$3.00 School Time Accident Coverage - going to and from school, and during school hours, Grades 1-12 inc.

PLAN 2: \$12.00 Around the Clock Protection - At home or away - at school or at play - holidays - in camps - weekends - during summer vacation - 24 hours a day - any time - any place, Grades 1-12 inc.

Friday October 6, is the deadline for all Student Insurance.

Wednesday, September 13, 1967

# Sophomores Are Behind, Says Broyles

FAYETTEVILLE, Ark. (AP) — "There has been too much written about our sophomores," Arkansas Coach Frank Broyles said Tuesday. "It's bound to affect their practice."

Broyles, who had told touring Southwest Conference sports writers the previous day that Arkansas' football prospects this year depend on his eight sophomore starters, added Tuesday that the sophs were behind.

"They are further behind than ordinarily, and right now they are having to double up to catch up," he said.

Broyles said the sophs probably would have shown more progress had there been only one or two of them.

Goal line defense was the order of the day for the Porkers, and Broyles said he was pleased with the drill.

"We had a little more zip and enthusiasm today," he said.

Terry Don Phillips, who missed practice Monday because of an ailing back, returned to the line Tuesday. Broyles had said Monday that Phillips might not be able to play a single down this year.

Ernest Ruple, a 6-foot-5, 240-pound tackle, missed practice because of a bruised shoulder.

Broyles said tackle Webb Hubble "probably has been the star of our goal line defense the last two days."

Hubble and Ruple play offense except in goal line situations.

## Doing Right Well as a Placekicker

By WHITEY SAWYER

DETROIT (AP) — Life in the United States has been good to Garo Yepremian, a stubby little Armenian-Cypriot immigrant to these shores by way of England. Garo, a balding bachelor of 23, dresses sharply and drives a sporty car with his name engraved on a plate on the dash.

The streets aren't exactly paved with gold for Garo, but he's done right well in the unlikely trade of a placekicker for the Detroit Lions of the National Football League.

Yepremian never saw a pro football game until he kicked off to open the Oct. 16 game at Baltimore last year.

He ended leading the team in scoring with 50 points on 11 conversions and 13 field goals. He also set two NFL records with six field goals against Minnesota Nov. 13, including four in

## Professional killer guarantees work

## Cousy Is Overcome by Friends

By DAVE O'HARA

BOSTON (AP) — Bob Cousy, cheered by overwhelming support of friends and fans in the darkest hour of his 21-year basketball career, is looking forward to his fifth season as head coach at Boston College.

"The support has been tremendous and I'm very grateful," the 39-year-old Cousy said in an interview today. "I'm feeling better each day."

Cousy, who became known as "Mr. Basketball" as an All-America at Holy Cross and 13

one quarter. The Lions went 3-2 in the exhibition season and open the regular season against the world champion Packers at Green Bay Sunday.

"I'd like to kick a lot of field goals, against them," Yepremian said today. "Or, better than that, I'd like to kick a lot of extra points."

During the exhibition season, the left-footed, soccer-style kicker booted seven extra points and had one blocked, but he's never missed a conversion. "I made four field goals," he said, "and I missed three, one from 45 yards out, one 39-yarder and one 52-yarder. Two of them just missed."

"But I keep trying to improve," he said. "I should never miss under 55 yards. I had a little trouble for a while, but the last couple of days I'm getting better. I'm doing well out to 50 yards."

Garo, who kicks 40-45 times a day in practice, has alternated with Wayne Walker as a placekicker. Walker is generally credited with more range, especially on kickoffs.

Yepremian, who stands 5-foot-7 and weighs 165 pounds, said he hasn't practiced tackling. But, he said, if someone gets all the way through the rest of the Lions on a kickoff, "I've seen a lot of tackling going on around me, so I'll know what to do."

# Chrysler to Make Racing Car Changes

BY BLOYS BRITT

CHARLOTTE (AP) — A Chrysler Corp. executive says the company will continue its stock car racing program next season even though it would like to see some changes in the existing rules.

Chrysler, which makes its high-performance Dodge and Plymouth parts available at low cost to its racing teams, mainly is interested in obtaining a rules change that would allow the use of two four-barrel carburetors on its hemi engines.

It may get such a change for 1968, Bill France, founder and president of NASCAR and member of the Technical Committee of the Automobile Competition Committee of the U. S. (ACCUS), says in the current issue of the NASCAR Newsletter that the committee will take a new look at manifolding and carburetion.

Under 1967 rules in effect in both NASCAR and the United States Auto Club (USAC), the presidents and Chamber of Commerce representatives have been invited to attend. The meeting also will be open to the public on a first-come, first-served basis.

In my inaugural address, I asked that all Arkansans join me in pledging to work so that Arkansas may reach into a new Era of Excellence," Rockefeller said. "I asked that we launch a far-reaching quest for quality, and this conference on education is a part of my concept for the development of our state."

Checks or money orders for the \$10 registration fee may be sent to the Governor's Conference on Education, P.O. Box 2042, Little Rock, Ark., 72203.

Dodge is apparently placing great hopes in its redesigned Charger. That unit's familiar fastback body has been replaced by a slantback or notchback coupe with smooth lines and a racy look.

Plymouth plans to race either its GT-X or the all-new Road Runner. Aerodynamic studies are being made to determine which of the units will be used. Both are intermediate class cars.

Ford has a new fastback coupe in its Fairlane line and reports are that it will be that company's stock car racing mainstay.

## Mutt Jones Again Lashes Rockefeller

LITTLE ROCK (AP) — Sen. Guy "Mutt" Jones of Conway, a frequent critic of Gov. Winthrop Rockefeller, said Tuesday he was unconvinced that Rockefeller is fundamentally interested in Arkansas.

"There's one school of thought, and I am inclined to agree with it, that the brains of the (Rockefeller) group is Lawrence Rockefeller, and that the main reason that Winthrop Rockefeller wanted to be governor of Arkansas was to further enhance the chances of Nelson Rockefeller to be president," Jones said.

"I cannot convince myself that this man is basically or fundamentally interested in me or you or the people of Arkansas; I don't believe it's that. I think he wants the pomp, the ceremonies, the prestige and applause that go with the job,

but he doesn't want to tedious things like signing the death order for a man in the penitentiary to go to the electric chair..." Jones, who spoke at a Little Rock civic club, was one of the governor's principal opponents during the 1967 General Assembly. He has been the target of criticism by the governor since.

## Meet to Seek Best System of Education

LITTLE ROCK (AP) — A conference to consider ways of establishing the "best education system possible at all school levels in Arkansas" has been scheduled here Oct. 12, Gov. Winthrop Rockefeller announced Tuesday.

The one-day program will feature former Gov. Terry Sanford of North Carolina and John Gardner, secretary of Health, Education and Welfare. Rockefeller will deliver the keynote speech.

School superintendents, school board members, college presidents and board members, PTA presidents and Chamber of Commerce representatives have been invited to attend. The meeting also will be open to the public on a first-come, first-served basis.

In my inaugural address, I asked that all Arkansans join me in pledging to work so that Arkansas may reach into a new Era of Excellence," Rockefeller said. "I asked that we launch a far-reaching quest for quality, and this conference on education is a part of my concept for the development of our state."

Checks or money orders for the \$10 registration fee may be sent to the Governor's Conference on Education, P.O. Box 2042, Little Rock, Ark., 72203.

Dodge is apparently placing great hopes in its redesigned Charger. That unit's familiar fastback body has been replaced by a slantback or notchback coupe with smooth lines and a racy look.

Plymouth plans to race either its GT-X or the all-new Road Runner. Aerodynamic studies are being made to determine which of the units will be used. Both are intermediate class cars.

Ford has a new fastback coupe in its Fairlane line and reports are that it will be that company's stock car racing mainstay.

# Walter Asks Court to Seat Him

LITTLE ROCK (AP) — A

"sensible" interpretation of a 1947 statute would confirm the right of former state Rep. Glenn F. Walther of Little Rock to hold a seat on the state Public Service Commission, the Arkansas Supreme Court was told Tuesday.

Walther, who is appealing a decision by Chancellor Murray O. Reed that his appointment to the PSC by the state Senate was invalid, made the statement in a brief filed with the high court.

The Senate acted under a statute giving it authority to appoint board and commission members when the governor has failed to submit a nomination within a certain period of time. At issue is whether the PSC is covered under the law.

After the Chancery Court ruling, Walther was replaced on the commission by Robert Downie of Little Rock, who was appointed by Gov. Winthrop Rockefeller.

## Stiff Upper Lip Is Still Fuzzy

DETROIT (AP) — With a stiff, but still fuzzy, upper lip, Charles A. Murphy is going to school.

Murphy, 16, won a temporary court order restraining Franklin High School in the Detroit suburb of Livonia from suspending him because his 2-year-old mustache scrapes against a new school grooming code.

Wayne County Circuit Judge James Montane issued the order and set a hearing for Sept. 22. "Good, clean-looking students" is what Livonia School Supt. Benton Yates said he

wants. He said mustaches and such "detract from favorable learning conditions" and are a "haunting of authority."

Murphy said, "I'd feel funny without it."

Murphy said, "I'd feel funny without it."

Murphy said, "I'd feel funny without it."

Most visitors predicted the Red Guards would eventually win, however, as the army usually took their side during serious clashes.

Chinese Nationalist sources in Taipei claimed new clashes have flared from Szechwan Province in the southwest to Manchuria in northeastern China.

They said air, land, and water traffic was still being disrupted and distribution of food supplies hampered.

The report said almost the entire area of Manchuria, which is about twice the size of France, was embroiled, including the important port of Dairen and the nearby naval base of Port Arthur.

The report, distributed by Nationalist China's Official Central News Agency, also gave these reports of the situation in other areas:

Shen I Province: Fighting has broken out at Sian, Sienyang and other cities and traffic has been disrupted. Anti-Maoists at Sienyang, 20 miles northwest of Sian, strafed their opponents with machine guns last Friday, inflicting hundreds of casualties.

Hunan Province: Clashes are taking place in the provincial capital of Changsha, Hengyang and Changteh, scores of persons were killed or wounded.

Visitors also reported sporadic clashes between Maoists and anti-Maoists in other parts of

## New Power for 1968 Plymouth Barracuda

Plymouth Barracuda, successfully expanded to a full three-car line that posted record sales in 1967, packs a new performance punch for 1968. Barracuda continues with the sports fastback, convertible coupe and hardtop coupe models, but the engine lineup features a new 340 cubic inch powerplant exclusive in the Barracuda line. The all-new, lightweight, high-winding V-8 is standard on the Barracuda Formula "S" and features a high performance camshaft, extra large valves and ports, four-barrel carburetor, dual exhaust and other performance items. Standard Barracuda V-8 is the 318 cubic inch engine, rated at 230 horsepower at 4400 rpm, the largest, most powerful standard engine of any car in its class. Also available is the improved Super Commando 383 V-8 and the 145 horsepower, 225 cubic inch six, which has a modified combustion chamber and a lower axle ratio with automatic transmission.

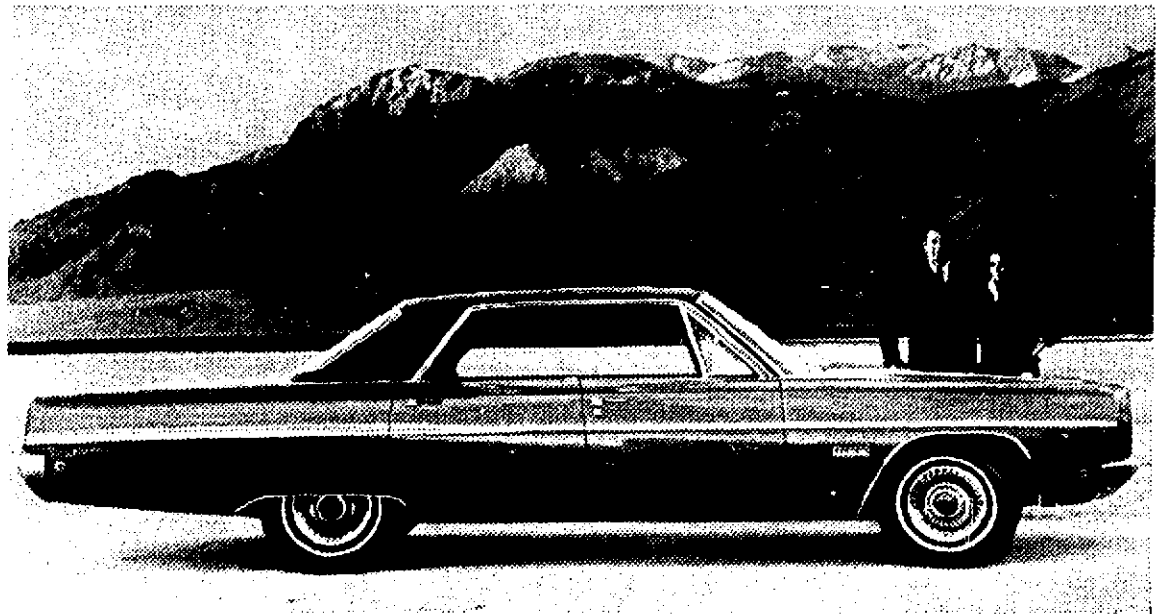

## Even Better Gas Economy for '68 Valiant

Plymouth Valiant, economy king of American cars, offers distinctive styling changes and even better fuel economy in all of its engines for 1968. Valiant continues its tradition as a true American compact, featuring comfort and ease of handling combined with economy and smart styling. The same combination of 115 horsepower six cylinder engine, three speed automatic transmission and 2.76 rear axle ratio which

powered Valiant to the most economical performance of all 42 cars in the 1967 Mobil Economy Run is still available. All Valiant engines run on regular fuel. Eight models are offered with six-cylinder or V-8 engines in the 100 and Signet series. A 200 Decor Group, optional of the 100 series, offers much of the luxury of the Signet at a very attractive price. Styling improvements have been made both inside and outside.

## '68 Plymouth Fury Offers Low-Cost Luxury

The success car of the volume sector of the auto market in 1967—Plymouth Fury—increases its appeal for 1968 with styling refinements, increased model availability and additional comfort options to provide low-cost luxury. There are 27 Plymouth Fury models and six engines are available. New for 1968 are Plymouth Fury III V-8 and six-cylinder models with the fast roof, two-door hardtop style. Main appearance

changes are at the front and rear, including a new grille of horizontal design, which also characterizes the all-new rear end. Engines available range in size from 225 to 440 cubic inches. Changes include an upgrading of the station wagon lines and the addition of wood-grained paneling for the top-of-the-line wagon, the Fury Sport Suburban. Shown is the Fury III four-door hardtop, one of the most popular Plymouths.

### ELECTION (from page one)

conduct. Although rejected, Clark's proposal received more support than was expected. The Dodd case was considered a major factor in the support. Reps. Robert T. Ashmore, D-S.C., and Charles E. Goodell, R-N.Y., have mounted a bipartisan drive to win approval of the measure in the House Administration Committee. They vowed today to get the bill through the House. The legislation as it cleared the Senate largely carries out the recommendations on revision of the Corrupt Practices Act urged by President Johnson in a special message to Congress in May. Major provisions of the bill would: —Bring under the law for the first time primaries, political conventions, presidential preference primaries, fund-raising events and intrastate committees which are not now covered. —Require a candidate and any committee working for him, so long as \$1,000 or more is

spent in a year, to file detailed reports on contributions and expenditures as many as 10 times in an election year, far more than now provided. —Provide for much more detailed listings than under present law. For example, the full name and mailing address of each contributor of \$100 or more would have to be given; now, such contributors often cannot be identified. —Remove these present out-moded campaign spending limitations: \$3 million for a national committee, \$25,000 for a Senate race, \$5,000 for a House election.

### Indian Tribe Leader Buried

OAKVILLE, Wash. (AP) — Chief Blue Cloud, the last leader of the Chinhalis Indian tribe, was buried Tuesday. The chief, whose name was Frank Pete, taught Indian languages and crafts at Seattle University. He performed tribal rituals and composed poetry and music. Chief Blue Cloud died last week at the age of 74.

### Accounting Asked in Asphalt Sales

LITTLE ROCK (AP)—Action in a Chancery Court suit asking for an accounting of alleged overcharges on the sale of asphalt to the state Highway Department should be delayed until federal District Court acts on a similar suit filed by the state Highway Commission, Atty. Gen. Joe Purcell said Tuesday. Purcell said in a motion filed with Chancellor Murray O. Reed that federal anti-trust laws would enable the state agency to collect triple damages from companies involved in the District Court suit. G. D. Nelson, who filed the taxpayer's suit in Chancery Court, could recover only the actual alleged overcharges. Nelson's suit accuses the firms of conspiring over a period of several years to overcharge the state about \$3 million for asphalt.

## Moderates in GOP Are Cautious

By JACK BELL  
AP Political Writer  
WASHINGTON (AP) — Eastern Republican moderates are playing a cautious three-man parlay for the 1968 GOP presidential nomination as they await further soundings on the performance of Michigan Gov. George Romney.

Disappointed by Romney's sometimes erratic course on

### LEGAL NOTICE

NOTICE OF SALE  
NOTICE IS HEREBY GIVEN, That in pursuance of the authority and directions contained in the order of the Probate Court of Hempstead County, Arkansas, made and entered on September 5, 1967, in the matter of the Estate of S. L. Arnold, deceased, the undersigned, as Administratrix of said estate, will offer for sale at public outcry, to the highest and best bidder, for cash, at the front door or entrance to the Courthouse in the City of Hope, Hempstead County, Arkansas, within the hours prescribed by law for judicial sales, on Friday, September 29, 1967, the following described real estate situated in Hempstead County, Arkansas, to-wit:

Tract 1: The Northwest Quarter (NW 1/4) of Section Seven (7), Township Ten (10) South, Range Twenty-five (25) West, containing 160 acres, more or less, the West Half of the Northeast Quarter (W 1/2 NE 1/4) of said Section 7; containing 80 acres, more or less, the West 20 acres of the East Half of the Northeast Quarter (W 20 E 1/2 NE 1/4) of said Section 7; the Northeast Quarter (NE 1/4) of Section Twelve (12), Township Ten (10) South, Range Twenty-six (26) West, containing 160 acres, more or less, the South Half of the Northwest Quarter (S 1/2 NW 1/4) of said Section 12, containing 76.25 acres, more or less, the North Half of the Southwest Quarter (N 1/2 SW 1/4) of said Section 12, containing 80 acres, more or less, and the Southwest Quarter of the Southwest Quarter (SW 1/4 SW 1/4) of said Section 12, containing 40 acres, more or less; the Southeast Quarter of the Southeast Quarter (SE 1/4 SE 1/4) of Section Eleven (11), Township 10 South, Range Twenty-six (26) West, containing 40 acres, more or less, and part of the Southwest Quarter of the Southeast Quarter (SW 1/4 SE 1/4) of Section Eleven (11), Township 10 South, Range 26 West, more particularly described as follows: Commence at the southeast corner of said SW 1/4 SE 1/4, run thence north 112 feet to a stake, the point of beginning, run thence west 210 feet, thence north 210 feet, thence east 210 feet, thence south 210 feet back to the point of beginning, containing 1 acre, more or less—said lands containing in all 659.25 acres, more or less;

Tract 2: The East Half of the Northeast Quarter of the Southwest Quarter (E 1/2 NE 1/4 SW 1/4), containing 20 acres more or less, the Southeast Quarter of the Southwest Quarter (SE 1/4 SW 1/4), containing 40 acres, more or less, the South three-fourths of the Southeast Quarter of the Southwest Quarter (S 3/4 SE 1/4 SW 1/4), containing 40 acres, more or less, and the West Half of the Southeast Quarter (W 1/2 SE 1/4) of the Southwest Quarter (SW 1/4 SE 1/4) of Section Sixteen (16), Township Ten (10) South, Range Twenty-six (26) West, containing 120 acres, more or less—said lands containing in all 190 acres, more or less;

Tract 3: The Northeast Quarter of the Northwest Quarter (NE 1/4 NW 1/4) of Section Four (4), Township Ten (10) South, Range Twenty-six (26) West, containing 40 acres, more or less. The above tracts will be offered for sale separately, and then combined, and the highest and best bid or bids accepted, subject to the approval of the Court. If request in writing is received by the administratrix from any heir or prospective bidder more than three days prior to the date of sale that any part of said tracts be offered separately, such request will be considered, and if deemed advisable by the administratrix, the land will be so offered, subject always to the offer for sale of the tracts above set out and the final offer of all the tracts as one unit, so that the court may determine the highest and best bid or bids for all the lands.

DATED at Hope, Arkansas this 5th day of September, 1967.  
MRS. DELL ARNOLD  
Administratrix of the Estate of S. L. Arnold, deceased  
Sept. 6, 13, 20, 1967

NOPE (ARK) STAR. Printed by Offset

major issues such as Vietnam, influential individuals in the Eastern power structure are keeping lines open so they could transfer their allegiance speedily to New York Gov. Nelson A. Rockefeller or Sen. Charles H. Percy of Illinois.

Sen. Hugh Scott, R-Pa., an influential member of this group, said in an interview that nobody is giving up on Romney at this point. But he conceded that the Michigan governor still has to prove he can arouse the kind of public support needed to win presidential primaries and go into the 1968 convention as a leading contender.

Most of the moderates think Romney's statement that he was "brainwashed" by Johnson Administration officials on a 1965 visit to Vietnam was a blow-over blooper.

Rockefeller said in New York Tuesday it was too early to tell whether it had affected Romney's chances for 1968. But he observed that the governor "has gone on the offensive."

In a New York speech Tuesday, Richard M. Nixon alluded to the brainwashing issue as he declared he had no complaint about the briefings he received during his nine visits to Vietnam. This, however, was the extent of his comment.

On the conservative side of the Republican spectrum, California Gov. Ronald Reagan told a Sacramento news conference that perhaps Romney had "expressed a concern that all Americans have about foreign policy."

Reagan, who advocated Tuesday a sharp escalation to win the war as quickly as possible, was less charitable about Romney's previous statement that the United States made a mistake in getting involved in Vietnam. He said it is "pretty tragic if we begin arguing about that" after years of fighting.

The California governor said he is "just not interested" in becoming a vice presidential candidate on a ticket headed by Rockefeller. Such a ticket has been discussed widely among moderates as a possibility if Romney stumbles into more political thickets.

In the moderate camp, there is the feeling that Romney is too ebullient and that, as one supporter put it: "He talks in public like we talk in private."

## New '68 Plymouth Model: The Road Runner

There are two new models—a high-performance coupe, above, called the Road Runner and a new top-of-the-line station wagon—in Plymouth's group of intermediate cars for 1968. All Plymouth intermediates have completely new styling. The new look embraces flowing body and roof lines and flare-up at the rear fenders. The Road Runner mates a performance version of the improved 383 cubic inch engine or the 426 hemi with the low-line Belvedere coupe.

The low cost, high performance 383 engine is exclusive to Road Runner in the Plymouth lineup. The new Satellite Sport Wagon has wood-grained side and rear treatment, a double-hinged tailgate that opens as a tailgate and a door, and an optional concealed washer-wiper system for the rear window. Plymouth intermediate series includes the performance GTX, two-door hardtops, convertibles, and four-door sedans, all with new styling.

## The Negro Community

### THOUGHT FOR THE DAY

The religion of Christ reaches and changes the heart, which no other religion does. — Howells said it.

### COLLEGE NOTES

Miss Clara Mae Harris, daughter of Mr. and Mrs. Willie Ponder, is one among the graduates of the Twenty-First Class of Vocational Nurses at Texarkana College, Texarkana.

The exercise will be held Sunday September 17th, at 2:00 p.m. in the College Auditorium.

Cecil Flenory, son of Mr. and Mrs. Henry Flenory, has returned to Texas College, Tyler, Texas to resume his studies. He attended Summer School there.

### COMING AND GOING

Mr. and Mrs. Otis Bennet and

sons Larry and Harry, of Magnolia, Ark., were the dinner guests of Mrs. Vera Deloney and son on Sunday September 10.

Mrs. Lillie M. Smith has returned home after spending a few days with her son Roscoe Smith and family in Dallas, Texas.

### FUNERAL

Funeral service for Louis Powell will be held Thursday September 14th, at 3:00 p.m. at Bethel A.M.E. Church. Burial in Giles Cemetery under the direction of Hicks Funeral Home, Inc.

### CALENDAR OF EVENTS

Order of the Eastern Star Zoran Chapter No. 4 will hold their meeting at 7:00 p.m. Friday Sept. 15. We are asking all members to please be present and on time.

The Yerger Tiger Booster Club will hold its first meeting of the season, Thursday night September 14th at 8:00 at the City Par Youth Center.

We are asking all interested parties to please attend. We hope

to have a very exciting program this year. So come out and boost the Tigers to victory.

### The Postman

#### Got the Message

INDIANAPOLIS, Ind. (AP) — Because a postman "got the message," police apprehended a man in a shotgun armed robbery attempt.

When Chester York delivered mail at the door of a women's wear shop, a shop employee, Adelle Spencer, 63, handed him one of her rings and said, "Here, take care of this for me."

York was startled but after some thought, phoned police.

Officers arrived just as the bandit was attempting to back a car from a nearby garage with Mrs. Spencer as a hostage. Police said the man had menaced a group in the shop more than 20 minutes before getting suspicious after the postman's call.

Waymond G. Small, 29, Cincinnati, was arrested on charges of robbery, kidnapping, drawing a deadly weapon and violation of a firearms act.

Last year,  
over a quarter million owners  
of other low-price cars  
were won over to Plymouth.  
It started a movement, a momentum,  
a beat.

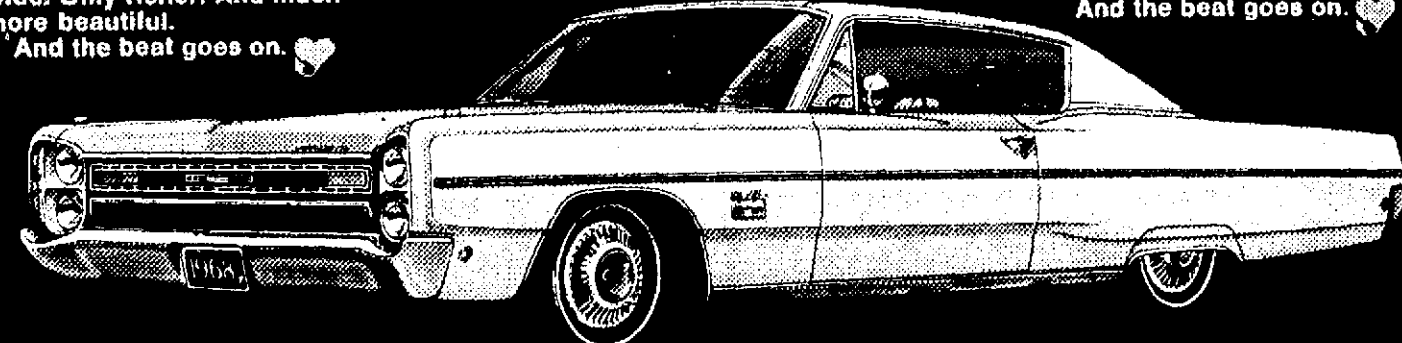

And the Plymouth win-you-over beat goes on.

Inside, Fury's options don't have that "added on" look. The Auto-Pilot is on the turn signal lever. Air conditioning outlets are part of the instrument panel. And the beat goes on. ♥

This is the 1968 Plymouth Fury. It still looks long and low and wide. Only richer. And much more beautiful. And the beat goes on. ♥

Plymouth Fury has the biggest brakes in its class. And the biggest trunk. It's also the heaviest. And the most solid. And the beat goes on. ♥

This is the 1968 GTX. One in a whole new line of mid-size cars for '68: GTX, Sport Satellite, Satellite, Belvedere, Road Runner. We've given them all-new styling for '68. And the beat goes on. ♥

We made our 2-door sedans look like hardtops. And we created a new low-cost, high-performance car called the Road Runner. Its horn goes "Beep-Beep!" And the beat goes on. ♥

There are 64 new Plymouths for '68. Full-size, mid-size, sports cars, wagons and compacta. We could build a car a minute for an entire year. And never build two exactly alike. And the beat goes on. ♥

Plymouth CHRYSLER
